### DARWIN TULIPS

Our Darwin Tulips are imported directly by us from one of the oldest and best bulb growers in Holland. We do not offer second and third size bulbs; our bulbs are 12 cm. and up, classified as Top-Size and from these bulbs you are sure to get large flowers, on long stems. Plant in November and December for best results.

- No. 101 Afterglow—Salmon orange; one of the finest tulips.
- No. 102 Allard Pearson—Fine dark red; very early.
- No. 103 Bartigon—Dazzling crimson-scarlet; most popular.
- No. 104 Barronne Tonnaye—Vivid pink; fine bedder; good cut flower.
- No. 105 Clara Butt—Apple blossom pink; lovely art shade.
- No. 111 La Tulip Noire—The best of all black tulips.
- No. 112 Zwanenburg—Pure white, on long strong stem.
- No. 113 Mme. Krelage—Bright lavender pink, silver pink margin.
- No. 114 Mrs. Potter Palmer—Bright purplish violet.
- No. 4601 Yellow Giant—Dark golden yellow; best of all yellow Darwins.
- No. 116 Inglescombe Yellow—The well known light yellow Darwin.
- No. 117 Pride of Haarlem—Carmine red; enormous flower, fine bedder.
- No. 118 Princess Elizabeth—Soft deep rose, long strong stem.
- No. 120 Wm. Copeland—Lavender, about the earliest.
- No. 122 Mixed—Mixed all colors, as above.

### PRICES ON ALL DARWIN TULIPS

Each 5c; 10 for 37c; 100 for \$2.98; 250 for \$6.95; 1000 for \$26.00. Delivered free to you at these prices. Be sure to put down catalog number.

- No. 4602 Double Early Tulips. Fine for flower beds and borders and most beautiful for groups. Strikingly beautiful assortment of colors, fully double, resembling giant peonies. Try some. 10 for 45c; 50 for \$1.95; 100 for \$3.60.
- No. 4603 Mayflowering, or Cottage Tulips. These are more elegant than the Darwin tulips, and have softer, daintier colors. Unsurpassed for cut flowers. Mixed, fine assortment of colors. 10 for 43c; 50 for \$1.85; 100 for \$3.50.

### HYACINTHS

Our Hyacinth bulbs are 17/18 ctm. a fine size for bedding, and pot culture in the house. Each bulb is guaranteed to throw at least one full sized flower spike.

- No. 123 L'Innocence—Best pure white.
- No. 124 Garibaldi—Brilliant red, lovely deep color.
- No. 125 Gertrude—Rosy pink; large compact truss.
- No. 126 Queen of the Pinks—Choice, rich pink. Very fine.
- No. 127 City of Haarlem—Best golden yellow.
- No. 128 Yellow Hammer—Lovely lemon-yellow.
- No. 129 Bismark—Bright blue, very large truss.
- No. 130 Duchess of Westminster—Purple, white eye, rare color.
- No. 131 King of the Blues—Deep indigo blue.
- No. 132 Queen of the Blues—Best light blue.
- No. 133 Lord Balfour—Light purple, tinted pink.
- No. 134 Sir Wm. Mansfield—Violet and purple.
- No. 135 Mixed, All Colors—This is a very fine mixture.

### PRICES ON ALL HYACINTHS

Each 9c; 10 for 75c; 50 for \$3.45; 250 for \$15.00. Transportation paid. Remember: these 17/18 ctm. size Hyacinths are one size larger than the usual hyacinths sold by the better seed houses. Extra fine for bedding.

### NARCISSUS AND DAFFODILS

Plant Narcissus and Daffodil for permanent beauty. Once planted, they thrive and bloom abundantly for years and years. Unexcelled for cut flowers.

- No. 155 King Alfred—Very large, pure yellow, frilled flowers. Each 12c; 10 for \$1.00; 100 for \$8.50.
- No. 4604 Long Trumpet Daffodils. These have long trumpets, like King Alfred; but in mixed colors of Golden Yellow, Primrose and Light Yellow. Price each 9c; 10 for 75c; 100 for \$5.85.
- No. 159 Paper White Narcissus—For growing in bowl in house. Pure white. Each 7c; 3 for 19c; 10 for 49c.
- No. 160 Yellow Paper White—Solid golden yellow, for indoor use. Each 9c; 3 for 25c; 10 for 69c.
- No. 4605 Incomparabilis Narcissus, or Star Narcissus—The cups or crowns are about half as long as the perianths. The colors of these cups vary from yellow to deep red, in pleasing contrast to color of perianth. We recommend these highly. Fine mixed varieties, about 10 sorts, of such varieties as Sir Watkins, Croesus, Lucifer, Will Scarlet, Jupiter, etc. Price each 8c; 10 for 69c; 25 for \$1.55; 100 for \$5.60.
- No. 4606 Barri Narcissus (Short Cupped Narcissus). The cups measuring about one-third the length of the perianth. Colors ranging from pure white, edged red, through all shades of yellow and orange. Fine cut

flowers, and will last in beds for a long time. Price 7c each; 10 for 59c; 25 for \$1.39; 100 for \$5.15.

- No. 4607 Poets Narcissus. White, with short cups or eyes, usually bright orange or scarlet. Fine mixture containing such splendid varieties as Glory of Lisse, Pheasants Eye, Horace, etc. Price 8c each; 10 for 63c; 25 for \$1.47; 100 for \$5.30.
- No. 4608 Poetaz Narcissus, or Bunch—Flowering Narcissus. Each stem bearing from 4 to 6 beautiful flowers, ranging from creamy white with yellow eye, through pure yellow with scarlet eye. Fine mixture of such splendid varieties as Laurens Koster, Orange Cup, Scarlet Gem and Cheerfulness. Price 9c each; 10 for 71c; 25 for \$1.69; 100 for \$5.80.
- No. 4609 Double Narcissus. Something new. Full double flowers resembling large double roses. Unsurpassed as cut flowers. A bed of these will give you lovely cut flowers for years. Colors range through pure white, sulphur yellow through golden yellow. Price each 12c; 10 for \$1.05; 25 for \$2.25; 100 for \$7.50.
- No. 158 Mixed Daffodils—All the above and many other fine sorts. 10 for 55c; 100 for \$4.50.

The above are all Extra Large, Double Nose Bulbs.

These double nose bulbs produce two flower stems, whereas the usual bulbs sold are round singles, and produce only one flower stalk. Bear this in mind when comparing prices. We sell the best.

### JONQUILS

- No. 161 Jonquil Campenelle—Bright yellow, very fragrant very lasting. Each 8; 3 for 21c; 10 for 59c; 100 for \$4.95

### CROCUS

The earliest spring flower; the harbinger of spring, blooming in February in the South. For colorful groups, plant 10 to 25 bulbs in a clump, here and there, under shrubs and bushes, or on lawn.

- No. 148 Queen of the Blues—Light blue, most beautiful of all Crocus.
- No. 149 Baron Von Brunow—Dark purple, lighter inside.
- No. 150 King of the Whites—Extra large, pure white.
- No. 151 Albion—Violet, white striped.
- No. 152 Golden Yellow—Pure yellow, finest of all crocus.
- No. 153 Crocus Mixture—All above colors, and many more.

### PRICE ON ALL CROCUS

Each 3c; 10 for 20c; 100 for \$1.75

If you want Crocus to bloom in the South you must plant large bulbs, therefore, we quote only on large plump bulbs, guaranteed to bloom. Give catalog number.

### SINGLE EARLY TULIPS

In the first days of March, when nature is still bare and leafless, the early tulips come into flower. Their striking, strongly contrasting colors bring new life into the garden. Be sure to try some. Top size bulbs only.

- No. 136 Rainbow—Consisting of beautiful range of colors, red, orange, violet, pink, white and many two-toned colors. 10 for 39c; 100 for \$3.45; 1000 for \$29.00.

### BREEDER TULIPS

These are large, robust tulips, on very high strong stalks. They bear a resemblance to Darwin Tulips, and are even stronger and higher, showing quite a wealth of color, in which bronze, apricot, purple and violet dominate. Wonderful borders and groups can be made with these. 10 1/2 to 11 1/2 cm. strong bulbs.

- No. 142 Mixed Breeder Tulips—10 for 47c; 100 for \$3.95.

### GIANT FLOWERING TRIUMPH TULIPS

The most beautiful, largest, strongest and most perfect bedding tulips even seen. These wonderful tulips begin to flower about two weeks earlier than the Darwins, and keep flowering for about six weeks. Producing original and striking colors, they are really of outstanding beauty. Do not omit these fine new tulips from your order.

- No. 143 Mixed Giant Flowering Triumph Tulips—In many different and gorgeous color combinations. 10 for 55c; 100 for \$4.75.

### PARROT TULIPS

Peculiar, fantastical tulips, whose petals are crenulated and curled in a very strange manner, while, at the same time, they are marked and feathered in a fantastic way. Make most prized cut flowers.

- No. 146. Fantasy—Strikingly beautiful; salmon pink, becoming darker toward the bottom. Priced lower than ever before. Each 10c; 10 for 85c; 100 for \$7.00.

## MISCELLANEOUS BULBS

- No. 162 Chionodoxa (Glory of the Snow)—Blue flowers of all shades. A mass planting forms one of the most sumptuous displays of floral beauty. 10 for 19c; 100 for \$1.65.
- No. 167 Muscari (Grape Hyacinth)—Bright blue flowers in January. Grow under trees, shrubs, or in full sun. Price 10 for 25c.
- No. 170 Scilla Nutans (Scotch Bluebell or Wood Hyacinth)—Price 10 for 35c.
- No. 171 Anemones (Wind Flowers)—One of the most showy flowers. Gorgeous assortment of colors. Each 5c; 10 for 39c; 100 for \$3.00.
- No. 172 White Calla—Beautiful, large white calla. Contrary to general opinion, these may be grown successfully outdoors. Price each 19c; 10 for \$1.50.
- No. 173 Yellow Calla—Deep, pure yellow. Does well outdoors. Price each 25c; 10 for \$2.25.
- No. 176 Ranunculus—Splendid cut flowers, in variety of lovely colors. Plant with claws of bulbs down. Price 8c each; 10 for 70c; 100 for \$6.25.
- No. 177 English Iris—These lovely Iris flowers after the German Iris, and are very useful in any garden. Colors, white, blue or purple. Price each 19c; 10 for \$1.60.
- No. 178 Dutch Iris—Superior in substance, brilliancy and purity of color above all other iris. Mixed colors, purple, yellow, blue, two tones. Price each 10c; 10 for 85c.
- No. 179 Japanese Iris—Easily grown, used extensively by florists because of their beauty and lasting qualities. We furnish mixed colors of rare beauty. Each 25c; 10 for \$1.75.
- No. 180 Giant Hybrid Amaryllis—One of the finest strains of Amaryllis in America. Flowers immense, of most perfect form, rose, red, crimson, solid colors, and same colors striped white. A real floral treat. Large bulbs. Each 39c; 10 for \$3.25.
- No. 181 Tube Rose—We offer the genuine Mexican Tube Rose, blooming size bulbs. Each 4c; 3 for 10c; 10 for 29c; 100 for \$2.35.

## HARDY GARDEN LILIES

Considered by many the most beautiful of all flowers, the lily is not difficult to grow, if planted at the proper time, and protected from high winds and mid-day summer sun. The lilies we list below are best suited for the South, but for best results should be planted in November and December.

- No. 182 Lilium Auratum (Gold Banded Japan Lily)—Undoubtedly one of the finest. Large flowers, ivory white ground, thickly studded with chocolate-brown spots, with golden band through center. Large bulbs, each 35c; 10 for \$3.50.
- No. 183 Lilium Speciosum Rubrum—Very large blossoms, rich rubycarmine of good texture that lasts long time after cutting. Large bulbs each 39c; 10 for \$3.50.
- No. 184 Lilium Batemanniae—Clear, glowing apricot flowers 3 to 4 inches in diameter, very free flowering, and a very fine lily. Price each 29c; 10 for \$2.50.
- No. 185 Lilium Candidum (Madonna Lily)—Loveliest of white lilies, thoroughly at home in South; thrive for years in same spot. Price each 29c; 10 for \$2.50.
- No. 186 Lilium Canadense (Meadow Lily)—Funnel shaped flowers, varying from yellow to orange, spotted inside. Price each 25c; 10 for \$2.00.
- No. 187 Lilium Superbum—Flowers bright orange-red, spotted purple. Price each 25c; 10 for \$2.00.
- No. 188 Lilium Tenuifolium (Coral Lily of Siberia)—Brightest of all lilies, coral-red on long stems. Splendid for cutting. Each 20c; 10 for \$1.80.
- No. 189 Lilium Tigrinum (Tiger Lily)—Double rich, dark salmon orange, spotted black. Very hardy and productive. Price 19c each; 10 for \$1.80.

## GLADIOLUS

Nothing you can plant will give you more satisfaction, or more beautiful flowers for the money paid out, than Gladiolus. Of the very simplest culture, they grow anywhere, for anybody, and are sure to bloom. Throughout the South the very best results are obtained by planting in fall. A bed of Picardy gladiolus is a sight never to be forgotten, and it is one of the loveliest and most lasting of all cut flowers. We sell only extra large bulbs, 1 1/2 inch and up, strictly Number One.

- No. 190 Alice Tiplady—Golden orange.
- No. 191 A. B. Kunderd—Creamy buff, ruffled.
- No. 192 America—Light pink.
- No. 193 Blue Lily—Violet blue.
- No. 194 Betty Nuthall—Coral pink, very large.
- No. 195 Black Pansy—Dark red.
- No. 196 Capt. Boynton—Large lavender.
- No. 197 Crinkles—Peach blossom, pink, ruffled.
- No. 198 Chicago White—A fine early white.
- No. 199 E. J. Shaylor—Deep rose, ruffled, early.
- No. 200 Lullaby—Orange, lemon-yellow.
- No. 201 Halley—Deep salmon orange.
- No. 202 Los Angeles—Salmon pink.
- No. 203 Mr. Mark—Light blue.
- No. 204 Mrs. F. Pendleton—Pink and red.
- No. 205 Panama—Deep pink.
- No. 206 Picardy—Sensational new shrimp pink.
- No. 207 Schwaben—Sulphur yellow.
- No. 208 Souvenir—Lovely pure deep yellow.
- No. 209 Purple Pansy—Violet purple.
- No. 210 Red Charm—Velvety blood red.
- No. 211 Red Cloud—Very bright red.
- No. 212 Mixed—All colors and varieties, many fine ruffled ones.

Prices on all above Gladiolus: Each 4c; 3 for 10c; 10 for 29c; 25 for 69c. 100 for \$2.45. Write for special quotation on large quantities.

## PEONIES

Peonies will grow and do well in the South. Success depends upon selection of proper varieties, and buying strong roots. The varieties we offer are especially adapted to growing in the South, and they will bloom for you, if planted before February 15th.

- No. 250 Mme. Bucquet—Red, large semi-rose, blooms freely.
- No. 251 American Beauty Red—Very lovely.
- No. 252 Felix Crousse—Large, rich ruby red; bomb type.
- No. 253 Frangens—Dark pink, almost red, very fragrant.
- No. 254 Duchesse de Nemours—Sulphur yellow, crown type.
- No. 255 Coucenne d'Or—White, flecked carmine, fragrant.
- No. 256 Floral Treasure—Clear pink, lighter center.
- No. 257 Golden Harvest—Golden salmon, pink center.
- No. 258 Jenny Lind—Shining silvery pink.
- No. 4610 White Cloud—A startlingly beautiful pure white peony; fully double; strong bloomer.

Price on Peonies: Each 29c; 3 for 69c; 10 for \$2.15. All above Peonies 3 to 5 eye strong divisions.

- No. 259 Red Rain Lily (Guernsey Lily)—Strictly at home in the South; in early fall throw tall spikes of bright red flowers resembling giant spiders. Price each 19c; 3 for 47c; 10 for \$1.50.

## DAHLIAS

Dahlias are as easily grown as potatoes. Simply plant the strong tubers we offer. Give them plenty of fertilizer and water, and cut beautiful blooms through the spring, summer and fall. The named varieties listed below represent practically all of the best Dahlias grown, many of them retailing from 50c to \$1.50 each.

- No. 213 A. D. Livona—Shell pink.
- No. 214 American Beauty—Large, fine American Beauty red.
- No. 215 Bertha Bernsten—Lovely soft pink.
- No. 216 Blue Stocking—Cactus type, purple blue.
- No. 217 Barbara Redfern—Blends of old rose and orange.

- No. 312 Seminole—S violet-red; F mahogany red.

Price on above Iris: Each 11c; 3 for 29c; 10 for 95c; 25 for \$2.15; 100 for \$6.95

## PEACHES

No long-winded talk about peach trees is necessary. They are entirely at home in the South and Southwest, and certain varieties may be grown on any kind of soil, and in every county in Texas, Oklahoma, Louisiana, Arkansas and the South. If you do not know what varieties are best for your locality, leave it up to us, we will select those varieties that will give you fruit. The trees we offer you this year are the best that can be grown; fine root systems, smooth, healthy bodies and limbs. You could not buy a better tree at \$1.50 each.

The 2 to 3 foot trees quoted below are fine young trees, used largely by orchardists, commercial growers and large home orchards. They usually bear three years after planting.

The 3 to 4 foot trees quoted below are bought generally by people who want a good young tree, at a low price, and are in no particular hurry. These 3 to 4 foot trees usually bear two years after planting.

The 5 to 6 foot, well-branched, bearing size trees quoted below are the best that can be had, at any price, and are selected from thousands of trees for customers who want the best. These trees usually bear the year following planting.

**Alexander**—Semi-cling, red cheek, good quality; ripens May. No. 501—2 to 3 ft. No. 502—3 to 4 ft. No. 503—5 to 6 ft.

**Arp Beauty**—Freestone; earliest of yellow fleshed peaches, good quality, ripens first of June. No. 504—2 to 3 ft. No. 505—3 to 4 ft. No. 506—5 to 6 ft.

**Augbert**—Yellow freestone, like Elberta; ripens August. No. 507—2 to 3 ft. No. 508—3 to 4 ft. No. 509—5 to 6 ft.

**Belle of Georgia**—Large freestone; white with red cheek. Fine quality, ripens two weeks before Elberta. No. 510—2 to 3 ft. No. 511—3 to 4 ft. No. 512—5 to 6 ft.

**Carman**—Large white freestone; fine quality, ripens July. No. 513—2 to 3 ft. No. 514—3 to 4 ft. No. 515—5 to 6 ft.

**Champion**—Large freestone, white with red cheek; sweet and delicious. Ripens long season through June and July. No. 516—2 to 3 ft. No. 517—3 to 4 ft. No. 518—5 to 6 ft.

**Chinese Cling**—Very large cling, creamy white, juicy and sweet; held in high esteem, but it is a shy bearer. No. 519—2 to 3 ft. No. 520—3 to 4 ft. No. 521—5 to 6 ft.

**Early Elberta**—Identical to Elberta, two weeks earlier. No. 522—2 to 3 ft. No. 523—3 to 4 ft. No. 524—5 to 6 ft.

**Elberta**—Yellow freestone, ripens July; the old standby. No. 525—2 to 3 ft. No. 526—3 to 4 ft. No. 527—5 to 6 ft.

**Early Hiley**—Large creamy white and red freestone, firm, juicy and sweet. Ripens in June; merits a trial. No. 528—2 to 3 ft. No. 529—3 to 4 ft. No. 530—5 to 6 ft.

**Early Wheeler**—Most profitable early peach, fine color, firm flesh. Ripens last of May. Quality only fair. No. 531—2 to 3 ft. No. 532—3 to 4 ft. No. 533—5 to 6 ft.

## VISIT OUR NURSERY

Come to our nurseries, 10 miles west of Tyler. Take Dallas road out of Tyler; after you pass Airport, take first right hand and follow the arrow.

**Frank**—Very similar to Elberta, but much larger, and a big improvement on that fine variety; ripens little earlier. No. 534—2 to 3 ft. No. 535—3 to 4 ft. No. 536—5 to 6 ft.

**General Lee**—Clingstone, white red cheeks; excellent for preserving, pickling, etc. Ripens last of July. No. 537—2 to 3 ft. No. 538—3 to 4 ft. No. 539—5 to 6 ft.

**Golden Jubilee**—Beautiful large yellow freestone, excellent quality, sweet and juicy, ripens 25 days before Elberta. No. 540—2 to 3 ft. No. 541—3 to 4 ft. No. 542—5 to 6 ft.

**Greensboro**—Best quality early peach, yellow red cheek, tender, sweet and juicy, ripens first of June. No. 543—2 to 3 ft. No. 544—3 to 4 ft. No. 545—5 to 6 ft.

## WHY YOU SHOULD BUY YOUR FRUIT TREES FROM US

- (1) You will get trees true to name.
- (2) We guarantee to replace any tree that does not live, free of charge. This is your guarantee against inferior weak stock.
- (3) We ship promptly; same day order is received.
- (4) We have been growing and selling nursery stock since 1898; we know how to grow stock suitable for the South.
- (5) We supply trees free from disease.
- (6) Our prices are low—Compare with others.
- (7) We prepay all transportation charges, mail, express or freight.

**Halehaven**—Fruit large, round, red and yellow freestone of the finest quality, ripens about 17 days before Elberta. No. 546—2 to 3 ft. No. 547—3 to 4 ft. No. 548—5 to 6 ft.

**Hart Cling**—By far the best late cling. Very large, creamy white with blush. Juicy, sweet and delicious. Ripens about September 15th when peaches are scarce. No. 549—2 to 3 ft. No. 550—3 to 4 ft. No. 551—5 to 6 ft.

**Henrietta**—Large brownish-yellow cling; ripens last of August. No. 552—2 to 3 ft. No. 553—3 to 4 ft. No. 554—5 to 6 ft.

**Heath Cling**—An old favorite. Large creamy-white cling. Fine for preserves and pickles. Ripens August. No. 564—2 to 3 ft. No. 565—3 to 4 ft. No. 566—5 to 6 ft.

**Hobson**—Large red cheek cling; excellent quality for eating; also ships extra well, ripens June. No. 567—2 to 3 ft. No. 568—3 to 4 ft. No. 569—5 to 6 ft.

**Honey**—Medium size, skin marbled white and red; flesh white, tender, juicy and sweet. Especially adapted to Rio Grande Valley, Coastal Section and Warmer Sections of country. No. 570—2 to 3 ft. No. 571—3 to 4 ft. No. 572—5 to 6 ft.

## VARIETIES TO PLANT

If you are not sure of the best varieties for your locality, leave the selection to us. We will select good varieties that will bear well in your section of the country.

**Indian Blood Cling**—This is the genuine, old-fashioned, large Indian Cling, creamy white mottled deep red, flesh juicy and rich. Ripens July. No. 573—2 to 3 ft. No. 574—3 to 4 ft. No. 575—5 to 6 ft.

**Japan Dwarf**—Tree dwarf, very prolific. Skin and flesh red, freestone of best quality. Ripens last of May. Fine for Rio Grande Valley and warmer parts of country. No. 576—2 to 3 ft. No. 577—3 to 4 ft. No. 578—5 to 6 ft.

**J. H. Hale**—Free, large in size and of somewhat better flavor than Elberta. Deep red skin, yellow meated. An excellent variety from every standpoint. Ripens a few days later than the Elberta. No. 579—2 to 3 ft. No. 580—3 to 4 ft. No. 581—5 to 6 ft.

**Krummels Late**—A magnificent peach; best late yellow freestone. Ripens October, very fine quality. No. 582—2 to 3 ft. No. 583—3 to 4 ft. No. 584—5 to 6 ft.

**Mamie Ross**—Large, white, almost covered with carmine. Flesh white, juicy and of good quality. One of the best for family use, and probably the best early commercial variety. Semi-cling. Ripens first of July. No. 585—2 to 3 ft. No. 586—3 to 4 ft. No. 587—5 to 6 ft.

**Minnie Stanford**—This is one of the finest yellow clingstone peaches on the market. Large deep yellow; firm flesh, delicious flavor and sweet. Ripens August. Makes excellent sweet pickles and preserves. No. 588—2 to 3 ft. No. 589—3 to 4 ft. No. 590—5 to 6 ft.

**Mayflower**—Free, the earliest peach known. Fruit medium size, entirely covered with red; blooms late. A good shipper and its high color makes it an attractive market variety. Last of May. No. 591—2 to 3 ft. No. 592—3 to 4 ft. No. 593—5 to 6 ft.

**Old Mixon Cling**—This splendid old variety is still one of the best. Large, white, cling, juicy, sweet and splendid bearer. Ripens in July. No. 594—2 to 3 ft. No. 595—3 to 4 ft. No. 596—5 to 6 ft.

**Pallas**—Rich, sweet and fine grained. Ripens about June 10th. Excellent for Rio Grande Valley, Lower Louisiana, Mississippi and Florida. No. 597—2 to 3 ft. No. 598—3 to 4 ft. No. 599—5 to 6 ft. No. 600—2 to 3 ft. No. 601—3 to 4 ft. No. 602—5 to 6 ft.

**Salway**—Large brownish-yellow freestone, splendid quality. Ripens September. No. 600—2 to 3 ft. No. 601—3 to 4 ft. No. 602—5 to 6 ft.

**Slappy**—A fine yellow freestone, larger than Elberta, and of better quality. Ripens July. No. 603—2 to 3 ft. No. 604—3 to 4 ft. No. 605—5 to 6 ft.

**Stinson**—The best late peach. Cling sweet and juicy, ripens in October and November. No. 606—2 to 3 ft. No. 607—3 to 4 ft. No. 608—5 to 6 ft.

**Texan**—In our judgment this is the best eating peach ever grown. Of medium to large size, red cheek with creamy background, luscious, juicy, sweet and the finest peach flavor. Very thin skin, will not ship well. Ripens early to middle July. No. 609—2 to 3 ft. No. 610—3 to 4 ft. No. 611—5 to 6 ft.

## WE PAY TRANSPORTATION

Remember, we pay carrying charges, parcel-post, express or freight. Consider this when placing your order for nursery stock.

## PRICES ON ALL PEACH TREES

	Each	10	100	1000
Size, 2 to 3 ft. Two-Year	\$.23	\$1.95	\$15.00	\$100.00
Size, 3 to 4 ft. Two-Year, Some Branches	.32	2.90	21.50	150.00
Size, 5 to 6 ft. Two-Year, Extra Selected Bearing Size Trees	\$.45	4.10	35.00	250.00

## APRICOTS

The apricot is one of the most delicious fruits, and is as hardy as the peach and plum. Apricots have a tendency to bloom early, and get nipped by late freezes and frosts. However, the varieties we offer are late bloomers, and will usually bear a crop. Apricots seem to do better planted in the back yard, or somewhere where too much cultivation is not carried on. When they do make a crop, they make up for lost time. Try some.

**Cluster**—Medium size; golden yellow, of excellent flavor. Originated in Texas from seed of Russian Apricot. Ripe in June. No. 668—2 to 3 ft. No. 669—3 to 4 ft. No. 670—5 to 6 ft.

**Cherry Cot**—Cross between Apricot and Cherry; combining the distinct flavor of both. Bears regularly. This makes preserves of the finest quality. No. 671—2 to 3 ft. No. 672—3 to 4 ft. No. 673—5 to 6 ft.

**Early Golden**—Medium size, orange yellow fruit; sweet, juicy and highly flavored, a fine variety for Southern plantings. No. 674—2 to 3 ft. No. 675—3 to 4 ft. No. 676—5 to 6 ft.

**Moorpark**—Large size, yellow with orange cheek. This is the variety largely grown in California for canning and drying. Well adapted for West Texas and New Mexico. No. 677—2 to 3 ft. No. 678—3 to 4 ft. No. 679—5 to 6 ft.

	Each	10	100
2 to 3 ft. Trees, Two-Year, fine young trees	\$.35	\$3.00	\$25.00
3 to 4 ft. Trees, some branches	.45	4.00	35.00
5 to 6 ft. Trees, Extra Selected Bearing size	.85	7.50	65.00

## CHERRIES

Cherries may be grown with some success throughout the South and Southwest. Plant a few trees in and around your home. Sour cherries make wonderful pies and preserves, and the sweet cherries are delicious to eat. We especially recommend the Hanson Sweet Cherry where other cherries will not thrive.

**New Century**—We take pleasure in recommending this fine cherry for Texas and Southwest planting. Originated in Grayson County. Fruit medium to large, bright red, juicy, tart, fine flavored. Splendid for eating off the tree, cooking and pies. Tree strong grower and bears abundantly. If you like cherries, try New Century. No. 680—2 to 3 ft. No. 681—3 to 4 ft. No. 682—5 to 6 ft.

**Black Tartarian (Sweet)**—Large size of purplish black, excellent flavor. This is the large California Cherry that is sold everywhere on the market. Worthy of a trial. No. 683—2 to 3 ft. No. 684—3 to 4 ft. No. 685—5 to 6 ft.

**Early Richmond**—One of the earliest cherries, medium size, light red fruit, tart and juicy. A most satisfactory cherry. Makes excellent pies. No. 686—2 to 3 ft. No. 687—3 to 4 ft. No. 688—5 to 6 ft.

## PRICES ON ABOVE CHERRIES

	Each	10
2 to 3 ft. Two-Year	\$.45	\$4.00
3 to 4 ft. Two-Year	.55	5.00
5 to 6 ft. Two-Year, well branched, extra selected bearing size trees	.85	8.00

**Hansen Sweet Cherry**—At last a sweet cherry that will bear in the South and Southwest. A large, sweet, juicy cherry that has the rare trait of bearing every year. A strong, thrifty grower and bears early. Blooms after danger of frost is past. No. 689—4 to 6 ft well-branched bearing size, extra select. Each \$1.25, 10 for \$11.00.

## NURSERY STOCK INSURANCE

We guarantee every tree to live.  
We guarantee every tree to be true to name.  
We will replace any tree that is not true to name, or that dies. A liberal guarantee, and we live up to it.  
We pay all carrying charges.

## PLUMS

Next to the Peach, the Plum is the most important fruit for the South and Southwest. All of our plum trees are two years old, budded and grown on heavy, high land, and have a fine root system, as well as well-branched, sturdy tops. Most of these trees will bear the year following planting. Our plums are grown from buds taken from clean, healthy trees that we know are true to name, as they have been bearing for years. In the varieties shown below, you will find varieties for all parts of the country, from the Rio Grande Valley to the Northern part of the United States. If you are not certain what varieties will do the best in your locality, leave the selection up to us, and we will send you trees that will bear fruit in your locality.

**Abundance (Japanese)**—Large, amber in color changing to red. Fruit clingstone, juicy and good. One of the hardiest of the Japanese varieties. Ripens a week later than Red June. No. 612—2 to 3 ft. No. 613—3 to 4 ft. No. 614—5 to 6 ft.

**America**—This is one of the very best plums for the South. Large, yellow, changing to red where exposed to the sun. Fruit productive. Ripens July. No. 615—2 to 3 ft. No. 616—3 to 4 ft. No. 617—5 to 6 ft.

**Bruce**—This plum is largely planted in South Texas, as it seems to do better in that section than any other. Ripens early, large red, fine quality, ships extra well. No. 618—2 to 3 ft. No. 619—3 to 4 ft. No. 620—5 to 6 ft.

**Blue Damson**—Fruit large, dark purple, fine flavor, highly esteemed for preserving and jams. Ripens in August. No. 621—2 to 3 ft. No. 622—3 to 4 ft. No. 623—5 to 6 ft.

**Burbank (Japanese)**—Fruit large, deep red overlying a yellow ground. Flesh deep yellow and very sweet. A prolific bearer and a cling. July. No. 624—2 to 3 ft. No. 625—3 to 4 ft. No. 626—5 to 6 ft.

**Excelsior**—The best plum for Rio Grande Valley, coastal sections of Texas, Louisiana, etc. Color wine-red, sweet, juicy, excellent quality. Ripens about June 15th. No. 627—2 to 3 ft. No. 628—3 to 4 ft. No. 629—5 to 6 ft.

## BE SURE TO GIVE CATALOG NUMBER

**Gold**—Fruit large, yellow with some red. Juicy, firm and of good quality. Tree is very productive. A good market variety. Ripens July. No. 630—2 to 3 ft. No. 631—3 to 4 ft. No. 632—5 to 6 ft.

**Methley**—The earliest and best-flavored plum we grow. Ripens May 10th. Color bluish red and meat blood red. Fruit sells for \$3.50 per bushel on market when others bring \$1.00. No. 633—2 to 3 ft. No. 634—3 to 4 ft. No. 635—5 to 6 ft.

**Santa Rosae**—Quality of fruit is unequalled. Plums are deep purplish crimson; ripens two weeks earlier than the Burbank. No. 636—2 to 3 ft. No. 637—3 to 4 ft. No. 638—5 to 6 ft.

**Shiro**—Large to very large, oblong, clear yellow. Quality unsurpassed. One of the finest plums to grow in the South. Ripe last of June. No. 639—2 to 3 ft. No. 640—3 to 4 ft. No. 641—5 to 6 ft.

**Six Weeks**—One of the earliest plums, ripens in early May. Bright red, juicy, brings good price on market, and is good for jellies and preserves. No. 642—2 to 3 ft. No. 643—3 to 4 ft. No. 644—5 to 6 ft.

**Wickson**—One of the most productive Japanese varieties; originated by Burbank. Fruit largest of this class; deep maroon. Flesh dull yellow, firm and of good quality. Good keeper and fine shipper. No. 645—2 to 3 ft. No. 646—3 to 4 ft. No. 647—5 to 6 ft.

**Wild Goose**—An old popular variety. Fruit large, deep red when ripe, juicy and richly acid. This is a native plum ripening before the Japanese varieties. No. 648—2 to 3 ft. No. 649—3 to 4 ft. No. 650—5 to 6 ft.

## HANSEN HYBRID PLUMS

The varieties of plums shown below were originated by Prof. E. N. Hansen, one of the leading horticulturists of the United States. The outstanding features of this plum are:

- (1) Very hardy; will withstand any cold or heat.
  - (2) Very productive; bear every year.
  - (3) Bear early, frequently set crop year planted.
  - (4) Bloom very late; escapes frost.
  - (5) Stick on the tree, hard to blow off; therefore fine for West Texas.
- If you have had difficulty growing good plums, try these; you will get plenty of fruit.

**Compass Cherry**—Cross between Cherry and Plum. Fruit dark red, almost black, good size. Sure bearer. Good quality and excellent for cooking, preserving and jellies. Makes fine pies. No. 651—2 to 3 ft. No. 652—3 to 4 ft. No. 653—5 to 6 ft.

**Hanska**—Cross between Apricot and Plum, from China. Very hardy, beautiful color, very fragrant, has strong apricot flavor. Bears young and is very prolific. No. 654—2 to 3 ft. No. 655—3 to 4 ft. No. 656—5 to 6 ft.

**Opata**—A beautiful sight when in bloom and is very fragrant. Fruit medium; purplish-red, splashed with green; flesh greenish in color and very pleasant in flavor. Clingstone. Ripens last of June and first of July. Tree hardy, spreading grower, and bears quite young. No. 657—2 to 3 ft. No. 658—3 to 4 ft. No. 659—5 to 6 ft.

**Sapa**—Tree somewhat dwarfish, thrifty, and often sets fruit in the nursery row at one year. Fruit large, dark purple with greenish splotches; flesh rich, dark purple-red, of rich flavor and with small pit. Excellent for cooking purposes. Clingstone. Ripe last of July. No. 660—2 to 3 ft. No. 661—3 to 4 ft. No. 662—5 to 6 ft.

## PRICES ON ALL PLUMS ON THIS PAGE

	Each	10	100	1000
2 to 3 ft., Two-Year, sturdy young trees.....	\$ .25	\$2.25	\$20.00	\$160.00
3 to 4 ft., Two-Year, some branches.....	.34	3.10	24.00	200.00
5 to 6 ft., Two-Year, branched, extra selected, bearing size.....	.65	5.50	42.00	375.00

## OUR GUARANTEE

We guarantee to replace, free of charge, any item bought of us (1) That is not true to name. (2) That fails to live. (3) That is not as described. This is your Insurance Policy against poor stock.

Forty years fair dealing with our customers.

**Thicket Plum (or Native Wild Plum)**—Small native plum that grows in thickets all over the South. Makes fine preserves and jellies. Sure cropper. No. 663. Size about three to four feet, 10 for 90c; 100 for \$5.50.

## PRUNES

Prunes may be grown more or less successfully in all sections of the South and Southwest. The drier sections are better suited for this fruit. The prune has a very large sugar content, and is not quite as juicy as the plum. We offer the Italian Prune, a very large black, meaty variety,

very sweet and dries splendidly. No. 664. Prices for 5 to 6 ft. bearing size Prune trees, 85c each, postpaid.

## IMPORTANT

Throughout this catalog, you will find 5 to 6 ft. extra selected bearing size fruit trees listed. These trees are the pick of our entire crop. At grading time, we select the largest, straightest trees, with the best root system, and put them in this 5 to 6 ft. bearing size grade. Most of them will bear the year after planting. Get the best and save time by planting these extra selected trees.

## PEARS

Pears are a sure crop in the South. Select varieties that will give you fruit for eating, canning and preserving from July until October.

**Keiffer**—Fruit large, skin golden-yellow with a slight blushed cheek. This variety keeps well and its quality is greatly improved if fruit is ripened in dark cool room. Tree a strong grower and fruit ships well. Matures from September to October. No. 690—2 to 3 ft. No. 691—3 to 4 ft. No. 692—5 to 6 ft.

**Garber**—One of the finest and most reliable pears for Southern planting. Large, clear yellow, heavy bearer. Fine market variety; unsurpassed for preserves. Ripens September and October. No. 693—2 to 3 ft. No. 694—3 to 4 ft. No. 695—5 to 6 ft.

**Bartlett**—One of the best varieties. Large size; yellow, juicy. Ideal for the home orchard as well as for marketing. An abundant bearer, ripening last of July and early August. No. 696—2 to 3 ft. No. 697—3 to 4 ft. No. 698—5 to 6 ft.

**Pineapple**—A strong, vigorous grower which is very productive. Tree is practically blight-proof and has proven one of the very best for Southern planting. No. 699—2 to 3 ft. No. 700—3 to 4 ft. No. 701—5 to 6 ft.

**Le Conte**—A bell-shaped yellow pear of good size. Flesh white, firm and juicy. Free, vigorous and bears young. Ripens last of July and early August. No. 702—2 to 3 ft. No. 703—3 to 4 ft. No. 704—5 to 6 ft.

**Early Harvest**—A very early pear, ripening in July and August. Medium size, sweet, juicy and delicious aroma. No. 705—2 to 3 ft. No. 706—3 to 4 ft. No. 707—5 to 6 ft.

**Sugar Pear**—This is a small pear, very sweet, tender and delicious. For home use only, too tender to ship. Ripens in July and August. No. 708—2 to 3 ft. No. 709—3 to 4 ft. No. 710—5 to 6 ft.

**Douglas**—This pear is a big money-maker, and if planted extensively will re-establish the pear-growing industry in the South. Quality very finest, sweet, juicy, highly flavored and melting. Heavy bearer, blight-proof, ripens in July when pears bring a big price. Plant for home use and commercial orchard. No. 711—2 to 3 ft. No. 712—3 to 4 ft. No. 713—5 to 6 ft.

## PRICE ON PEAR TREES

## WHY YOU SHOULD BUY FROM US

(1) Extra selected stock, true to name. (2) Prompt shipment, day order is received. (3) Replace free of charge any tree that dies. (4) We prepay postage, express and freight. (5) Keep the South's money in the South.

## HOME ORCHARD COLLECTION

4 Peach Trees	1 Pear Tree	1 Apricot Tree	1 Fig Tree
2 Plum Trees	1 Apple Tree	1 Pecan Tree	1 Cherry Tree

No. 3701. 12 for \$5.75.

All 5 to 6 foot bearing size trees except Fig, which is a 3 to 4 foot bearing size. (We will select varieties best adapted to your locality, if you prefer, or you make your own selection.)

## APPLES

Apples can be successfully grown in the Southwest, if the right varieties are grown. The varieties shown below will thrive and bear fruit all over the South and Southwest; be sure and plant several apple trees around your premises.

**Arkansas Black**—Dark red, almost black, one of the best for Pecos Valley and West Texas. Ripens in September and October. No. 714—2 to 3 ft. No. 715—3 to 4 ft. No. 716—5 to 6 ft.

**Early Harvest**—Medium size, bright straw yellow; tender, sub-acid, fine for eating and cooking. Ripens in May. No. 717—2 to 3 ft. No. 718—3 to 4 ft. No. 719—5 to 6 ft.

**Florence Crabapple**—This is the best crabapple for the South and Southwest. Medium size, yellow and red, very juicy and acid. Makes best jelly known. Ripens in August. No. 720—2 to 3 ft. No. 721—3 to 4 ft. No. 722—5 to 6 ft.

**Jonathan**—Medium size, brilliant red and very juicy. Favorite everywhere. Ripens in September. No. 723—2 to 3 ft. No. 724—3 to 4 ft. No. 725—5 to 6 ft.

**Red Delicious**—This famous apple does well all over the South and Southwest. Large, juicy and highly flavored. Ripens in Fall. No. 726—2 to 3 ft. No. 727—3 to 4 ft. No. 728—5 to 6 ft.

**Red June**—Medium size, bright red, juicy, tart and good quality. Fine for eating and cooking; brings top market price. Ripens in June. No. 729—2 to 3 ft. No. 730—3 to 4 ft. No. 731—5 to 6 ft.

**Summer Sweet**—Small, greenish yellow; very sweet and tender, ripe in June and July. No. 732—2 to 3 ft. No. 733—3 to 4 ft. No. 734—5 to 6 ft.

**Smokehouse**—One of the finest apples for Texas. Flesh creamy white, tender and juicy. Very productive, ripens in July and August. No. 735—2 to 3 ft. No. 736—3 to 4 ft. No. 737—5 to 6 ft.

**Winesap**—Medium size, vivid red. An all purpose apple, ripening throughout fall. No. 738—2 to 3 ft. No. 739—3 to 4 ft. No. 740—5 to 6 ft.

**Yellow Delicious**—Very similar to Red Delicious but seems to bear better in some localities. Of the same high quality. Ripens in fall. No. 741—2 to 3 ft. No. 742—3 to 4 ft. No. 743—5 to 6 ft.

**Yellow Transparent**—Large size, red and yellow. Good quality, crisp, sweet and fine texture. Tree long lived and bears regularly. Ripens in September. No. 744—2 to 3 ft. No. 745—3 to 4 ft. No. 746—5 to 6 ft.

## PAY US A VISIT

Our growing fields, and packing sheds, sales ground, etc., are located 10 miles West of Tyler, Texas. Take Dallas highway out of Tyler, take first right hand turn after you pass Airport. Follow arrow. Largest selection of fine stock in the entire South. Visitors welcome. Come and see us.

## MULBERRIES

For shade in back yards or lots and in poultry runs, the Mulberry is the best tree we know. The fruit will feed chickens or pigs for months. Mulberry trees thrive in any location.

**Black English**—The variety having the largest, black berries. Fine for eating and pies. Heavy bearer. No. 747—3 to 4 ft. No. 748—5 to 6 ft.  
**Hicks' Everbearing**—Enormous bearer; fruit ripening months beginning in June. No. 749—3 to 4 ft. No. 750—5 to 6 ft.

3 to 4 ft. Trees.....	\$ .45	\$4.00
5 to 6 ft. Trees, Heavy, Large Bearing Size.....	.75	7.00

## FIGS

Figs thrive in all portions of the Cotton Belt of the South as in no other section of the world; trees may be found growing in door-yards, near trash piles, in chicken runs, and near buildings in most luxuriant manner and producing enormous crops.

No home pantry is complete without canned and preserved Figs for Winter use. Figs come into bearing very early. With proper spraying to hold leaves on, fruit may be had from May to November.

They require good fertilization, and do best on firm hard ground, kept free from all other growth.

Commercial Fig Growing is extending throughout the South. They can be planted 10 to 18 feet apart and the yield is heavy, thousands of pounds of fruit being produced per acre.

**Brown Turkey**—Probably the best fig for home use. Medium size, purplish brown, very sweet, highly flavored, and fine for eating fresh, with cream, or canned. No. 751—2 to 3 ft. No. 752—3 to 4 ft.

**Celestial**—Sometimes called Little Sugar Fig; the sweetest of all varieties. Ripens in mid-season. No. 756—2 to 3 ft. No. 757—3 to 4 ft.

**Magnolia**—Very large, greenish amber, very productive, but not quite so hardy as Brown Turkey. This is the Fig grown so extensively in South Texas for canning and shipping. A very sweet, delicious fig. No. 759—2 to 3 ft. No. 760—3 to 4 ft.

A NEW FIG  
TEXAS EVERBEARING

This is an outstanding new introduction. The facts we set out below are from observation and reliable information, which we checked for correctness. This fig was brought to Mississippi a number of years ago by a Frenchman from the Old Country. Several years later he moved to Tarrant County, Texas, about 15 miles from Fort Worth. He grew it for a number of years around his place, and introduced it to the Nursery trade.

## Facts About This Fig

(1) It is hardier than any other variety known, and may be grown 100 miles further north than any other variety. (2) It is very large, as large as hen eggs. (3) Quality is unsurpassed. (4) Wonderfully productive. The owner of a one-acre orchard in Tarrant County in the summer of 1937 sold more than \$1000.00 worth of figs from his one acre. (5) Bears early. I saw cuttings that were planted in the nursery row in April with 18 well developed figs in August.

Forty Years Fair Dealing With Our Customers.

## JAPANESE PERSIMMONS

Are destined to become one of the leading fruits of the Cotton Belt and lower South. This may seem an extravagant statement, but as soon as there is enough of the fruit on the market for the people to learn the richness and deliciousness, the demand will increase far in excess of the supply. Where the Persimmon is known on the market, it will have ready sale.

**Tane Nashi**—The best known and most popular variety; large, conical, pointed. Early bearer, early ripening and productive. Seedless. No. 764—2 to 3 ft. No. 765—3 to 4 ft. No. 766—4 to 5 ft.

**Triumph**—Yellowish red, tomato-shaped, fine grained and of very fine quality. The choicest of all varieties. No. 767—2 to 3 ft. No. 768—3 to 4 ft. No. 769—4 to 5 ft.

## PECANS

The Pecan trees we offer are the large thin shell, or paper shell varieties, all of them budded or grafted with a very fine lateral root system. In buying Pecan trees this fibrous lateral root system is all-important. Our trees will grow right off and produce a crop of nuts in the shortest possible time. For the quality tree we sell, our prices are very reasonable.

IMPROVED PAPER SHELL PECANS  
EASTERN VARIETIES

**Schley**—Finest for eating; nut very large, very thin shell; fills out exceptionally well, and is in our judgment the finest flavored of all Pecans. No. 775—2 to 3 ft. No. 776—4 to 5 ft. No. 777—6 to 8 ft. No. 778—8 to 10 ft.

**Stuart**—The hardiest, most productive, and most widely planted variety. Heavy bearer, tree strong grower, reaching immense size, and long lived. No. 779—2 to 3 ft. No. 780—4 to 5 ft. No. 781—6 to 8 ft. No. 782—8 to 10 ft.

**Success**—Nut large, moderately thin shell, nuts well filled and excellent flavor, seems to be particularly free from all disease. No. 783—2 to 3 ft. No. 784—4 to 5 ft. No. 785—6 to 8 ft. No. 786—8 to 10 ft.

**Delmas**—Nut large, shell moderately thin, excellent quality, good flavor, rich and sweet. Quite successful in Central and North Texas and Oklahoma. No. 787—2 to 3 ft. No. 788—4 to 5 ft. No. 789—6 to 8 ft. No. 790—8 to 10 ft.

## BUY THE BEST

Our pecan trees are Texas grown, have fine, heavy root system, clean, smooth and free from disease. You get better results than from trees grown in Florida, Georgia and Mississippi.

## VARIETIES TO PLANT

If you are in doubt about varieties to plant, make out your order for the trees you want and leave the selection to us. We will select varieties that are best adapted to your locality.

## WILSON WONDER ENGLISH WALNUT

This splendid English Walnut originated in Texas, and is perfectly at home in all soils adapted to growing pecans. It will usually bear a crop wherever pecans will bear. The nuts are enormous in size, and the trees bear very young and heavily. This variety will succeed in the South and Southwest, where all other varieties fail. No. 807—Price, Fine 3 to 4 ft. Trees, each \$1.25, 10 for \$11.00, 100 for \$90.00.

## THOMAS BLACK WALNUT

An extra large black walnut with lots of meat of the richest quality. This tree is a very heavy producer, and one of the finest nuts that can be planted in the South. No. 808—Price 3 to 4 ft. trees, each \$1.25, 10 for \$11.00.

## ALMOND

We offer a fine Texas variety that is by far the best for the South. No. 809—5 to 6 ft. Extra-Selected trees, well branched, bearing size, 90c each.

## CHESTNUT

Nursery grown trees of fine quality. No. 810—3 to 4 ft. size, each \$1.00; 10 for \$9.00.

## NATIVE BLACK WALNUT

This magnificent native tree grows rapidly, makes a lovely shade tree, and bears regularly an abundance of large nuts, selected type. Young trees transplant easily, for that reason we offer only small trees. These will grow rapidly and soon make large trees. No. 811—3 to 4 ft. size, 50c each.

## OUR GUARANTEE

We guarantee to replace free of charge any nursery stock you buy from us that does not live, that is not true to name.

Forty Years Fair Dealing With Our Customers.

No. 816 Asparagus—Strong 2-year-old roots that will produce a crop the spring following winter planting. 10 for 25c, 100 for \$1.50, 1000 for \$10.00.

No. 817 Rhubarb—Extra strong 2-year-old roots that will produce the first year. Each 15c, 10 for \$1.00, 100 for \$7.50, postpaid.

No. 818 Horseradish—Strong roots that will survive and produce the first season. Each 19c, 10 for \$1.00, 100 for \$7.50, postpaid.

## GRAPES

Grapes are easily grown; they produce a crop every year. The varieties we offer will thrive on any soil. There is always a ready market for whatever surplus you produce. By all means plant a few grapevines for home use, and, if possible, plant a vineyard to bring in ready money in the summer and early fall. Our vines are heavy, thrifty, two-year, ready to bear the first year. We prepay postage and express.

### RIPENS IN JUNE

**Headlight**—A clear, dark red grape, very tender, delicious and sweet. The best early grape. No. 819.

### RIPENS IN JULY

**Brilliant**—Vine strong grower; clusters large, color light to dark red, translucent with thin bloom; skin thin, tender; pulps tender and delicious. Yields heavy. Ripens about July 1st. No. 820.

**Concord**—This fine variety is still one of the best, and for looks, shipping quality, wine and jelly it cannot be beaten. Vine strong grower, heavy bearer, berry large, black. Ripens about July 25th. No. 821.

**Niagara**—A vigorous, healthy grower. Large cluster, and berry very large, clear white, of fine quality, ripens about July 20th. No. 822.

**Delaware**—Berry bright red, juicy and of high flavor. Succeeds well in South and does not rot. Ripens about July 15th. No. 823.

**Carman**—One of the most prolific and popular varieties; splendid for table or for wine, grape juice, preserves and jelly. Cluster very large, sometimes weighing two pounds; shouldered; very compact. Berry medium size; black with thin bloom. Skin tough, thin, never cracks; pulp meaty, firm, but tender when fully ripe; splendid quality. Ripens in July. No. 824.

**Extra**—Extra large bunch, berries large and of fine quality. This is a Post-Oak hybrid; very hardy, and extremely prolific. Ripens in July. No. 825.

**R. W. Munson**—Medium to large bunch, berry black, sweet, juicy and delicious flavor. One of the finest blackland grapes. Ripens in July. No. 826.

### RIPENS IN AUGUST

**Edna**—Large white of splendid quality; flavor similar to Muscat. Ripens in August. No. 827.

**Armalaga**—A vigorous, healthy vine, well suited to both black and sandy land. Berry large, yellowish green, slightly long, very sweet with peculiar agreeable flavor. Quality equal to California grapes which it very much resembles. Endures heat and drought. Ripens in August. No. 828.

### RIPENS IN SEPTEMBER

**Fern Munson**—Growth very strong, cluster medium, berries large, very persistent, dark purplish red to nearly black, skin thin and tough, pulp firm and juicy with sprightly flavor. Very profitable as it ripens when all other varieties are gone. Ripens in September. No. 829.

**Thompson Seedless**—Bunches very large; berries medium size, oval, greenish-yellow, seedless, fine flavor. Valuable for table, shipping or for making seedless raisins. No. 830.

**Herbemont**—Berries small to medium, brownish red, juicy and sprightly, especially fine for wines and jellies. Does extra well in South Central and Southwest Texas. Ripens in September. No. 831.

### SOUTHERN MUSCADINE GRAPES

These grapes are native to the South and loved by all Southern people. Fine for table use, wine, jellies, etc. Good arbor grapes.

**James**—Black, of large size, 5 to 7 berries, which seem to hold in cluster better than most pure muscadines. Skin thick but flavor good. No. 832.

**Thomas**—Very large, black, two to five berries to cluster, not persistent. Best of the pure black muscadines. Good wine. No. 833.

**Scuppernon**—Large bronze yellow, juicy, good wine. Four to six berries to cluster. No. 834.

**Male Muscadine**—If planted with other varieties of Muscadine Grapes, it will cause them to bear much heavier crops as this is a pollinating variety. No. 835.

Prices on Muscadine Grapes—Good 2-year. No. 1, 45c each; 10 for \$3.90

### CALIFORNIA GRAPES

In many sections of the Southwest these California Grapes do exceptionally well. Try some of them.

**Flame Tokay**—Very large red, flesh firm, crisp, juicy and sweet. No. 842.

**Malaga**—Large, oval, white table grape. Crisp, sweet and delicious. No. 843.

**Muscat**—Berries large, pale amber, sweet and delicious. Many people consider this the finest of all eating grapes. No. 844.

### NATIVE OR WILD GRAPES

**Summer Grape**—This is a wild grape that ripens in the summer and makes a very fast growing vine for covering trellises, etc. No. 836.

**Frost Grape**—This grape ripens late in the fall and is a very desirable cover for trellises, fences, lattice work, etc. No. 837.

Price on Above Native Grapes—19c each, 10 for \$1.50.

### GUMERA GRAPES

**New Wonder Grape**—Brought to Texas from Greece by Jim George, Arlington, Texas, several years ago. This grape should revolutionize the grape industry in Texas and the Southwest. It is a thrifty, fast grower; very prolific bearer, bearing the first year planted. The grapes

are as large as plums, very sweet, and with the most delicious flavor. Bunches very large, weighing 5 lbs. and more. This grape ripens throughout June and July, before any good grapes from the California market appear, and, being of much higher quality than even the best California grapes, they will bring top prices at all times. Start a vineyard now and reap the profits from this wonderful new grape. No. 838.

**Lady Finger**—Long purple grape, nearly inch long; sweet, meaty and delicious. Equal to the finest California Table grape. No. 839.

**George's White Seedless**—A very sweet, juicy, clear white grape with no seed. Developed by Jim George, a native of Greece, in his vineyard near Fort Worth, from a select Grecian variety. No. 840.

**Aliagar**—Another Jim George introduction. Bunch very large and heavy, berry small, sweet, delicious, very small seed. Finest wine grape we have ever seen. Bears enormous crop every year. Long ripening period throughout July and August. No. 841.

### PRICES ON GUMERA GRAPES

Good 2-Year No. 1 Plants, each 45c; 10 for \$3.90; 100 for \$30.00.

#### GUMERA GRAPE RECOMMENDATION

El Paso, Texas, August 21, 1937, I have three fine Gumera Grapevines, bearing wonderfully. A splendid grape. I got these vines from you several years ago. (Name on request.)

### BLACKBERRIES AND DEWBERRIES

The one sure crop berry for the South. You cannot buy good berries to eat. If you want them, you must raise them. Plant the following splendid varieties for sure results.

**No. 872 Austin**—Planted in Texas, more extensively than any other berry. Very reliable. Berry large, jet black, sweet and delicious and always makes a crop. Ripe in May and June.

**No. 873 Early Harvest**—This is one of the best early blackberries grown in the Southwest. It has a perfect flower.

**No. 874 McDonald**—This appears to be a hybrid of a blackberry and dewberry. Large and of good quality. Earliest of all blackberries and begins ripening a very few days after the Austin dewberry.

**No. 875 Dallas**—This is one of the most sure of all blackberries and endures Texas climate well. Ripens after McDonald and before the Robison. Has rather drooping vine, thorny, very productive, medium size berry of fine quality.

**No. 876 Robison**—This is the best of all blackberries and the very best of the late ripening varieties for the Southwest.

(Note: At these new low prices no home in Texas should be without its berry patch.)

### OTHER DEWBERRIES AND BLACKBERRIES

**No. 877 Haupt**—Cross between dewberry and blackberry. Strong grower, heavy bearer, fruit large, black and luscious. Especially adapted to South Texas, and the warmer sections.

**No. 878 Thornless**—This is a sport of the Austin Dewberry, bearing berries as large in size and in great quantity, quality of flavor about the same. Otherwise like the Austin except as the name indicates, it is without thorns, which makes it quite desirable.

**No. 879 Lucretia**—An extra fine berry for the Panhandle and the Northern part of Oklahoma, Kansas, etc. Berry large, black, sweet and luscious; an old standby.

**No. 880**—100 plants of 5 different kinds of Dewberries, Blackberries, and hybrids, so selected as to furnish you luscious berries from early spring until late in the season. We will send plants that are adapted to your locality, that you can depend on getting fruit from.

100 Plants, only..... \$1.25

### NEW BOYSENBERRY

**No. 881 Immense New Boysenberry**—Cross between blackberry, raspberry and loganberry. Large berry, 1 1/2 inches long, 1 inch diameter, delicious flavor, resembling raspberry; very sweet and juicy, no sugar required. Bears 8 to 10 weeks during summer and fall. Will stand 15 degrees below zero. Very drought resistant. All in all, we think the largest and most delicious berry ever introduced. Does exceptionally well all over the South.

Price, No. 1 strong plants, 19c each; 10 for \$1.25; 100 for \$8.50.

**No. 882 Youngberry**—This remarkably productive new berry is about one inch long, dark purple color, with a delicious flavor of raspberry and dewberry. Very heavy bearer; plants produce year after year. It is adaptable to all and any kind of soil.

BE SURE TO GIVE CATALOG NUMBER; IT HELPS US FILL YOUR ORDER CORRECTLY.

**No. 812 Gooseberries**—These berries may be grown with some success throughout the South and Southwest. Price for strong, two-year plants; 29c each, 6 for \$1.45, postpaid.

**No. 813 Red Currants**—The best variety of Currant for planting in the South. Price, bearing size bushes 29c each, 6 for \$1.45.

**No. 814 Huckleberries**—The variety we offer is a native of Tennessee. Bears heavily; sweet, juicy and makes pies that cannot be excelled. Price, strong plants, each 15c; 10 for \$1.25; 100 for \$9.00.

**STRAWBERRIES**

Varieties we quote below are the best for the South. Select varieties so that you may have berries from April until killing frost.

- No. 866 **Aroma**—(Standard) Perfect flowering. A splendid late berry; large, deep red, and of excellent flavor. The skin is somewhat tougher than the early varieties and the flesh is firm, making it a good market sort.
- No. 867 **Improved Klondike**—(Standard) Perfect flowering. The leading variety for the Southwest. One of the earliest, a good producer, and valuable for market or for home.
- No. 868 **Missionary**—The best berry for South Texas, South Louisiana, and the warmer sections of the country. Very prolific, good size, good quality and medium early.
- No. 869 **Blakemore**—The U. S. Department of Agriculture originated this berry. Twice as productive as Missionary and Klondike; larger fruit, and excellent flavor. Fine for home use, and the most profitable berry for the South.
- No. 870 **Excelsior**—The very earliest berry grown, and an unusually good berry for home use. Just tart enough to make excellent jelly and preserves.

**EVERBEARING STRAWBERRIES**

- No. 871 **Mastodon**—A great, new berry. The largest and most productive of the everbearers, sweet, highly flavored and a good shipper. Ideal for the garden. All of the above varieties strong, specially grown plants may be ordered and planted in any month except July and the first half of August. Many of our customers prefer to plant early in the fall for a crop of berries in the late winter, and early spring.

**PRICES ON MASTODON STRAWBERRIES**

**NATIVE PERSIMMON**

We offer a choice selected variety of native persimmons. Large, sweet, delicious flavor. No. 770—Strong 4 to 5 ft. trees each 50c, 10 for \$4.00.

**QUINCE**

The Quince is easy to grow if planted in soil where adapted. Over the South and Southwest it should be planted only for home use. For preserves, nothing has ever been found that will equal the quince. Plant a few trees around your home, or in your home orchard. No. 771—Price for strong 4 to 5 ft. bearing size Quince trees, 85c each, 10 for \$7.50, post-paid.

**POMEGRANATE**

A novel Southern fruit; highly appreciated by many and thrives well. Quite ornamental. No. 772—3 to 4 ft. trees, each 50c, 10 for \$4.50, 100 for \$40.00.

**PAWPAW**

Purplish green flowers, followed by dark brown fruit 2 to 3 inches long, with highly aromatic flavor. No. 773—3 to 4 ft. 39c each.

**JUJUBE**

The Jujube is a new fruit from China. Fruit is similar to Date of Commerce, and the improved varieties we sell are excellent to eat off the tree when full ripe, and may also be dried and candied (by boiling in sugar and honey), the flavor resembling that of date, and very delicious. Makes a beautiful tree, with beautiful light green, glossy foliage. Plant one or two around your home as novelties. No. 774—2 to 3 ft. trees, strong and sturdy, 90c each, delivered free to you.

**BARON SOLEMACHER RUNNERLESS EVERBEARING STRAWBERRIES**

- No. 4646 This strawberry is the creation of an European plant specialist, and is the result of 35 years of experimenting. A very fine Christmas plant. Pot and grow your own strawberries in the house, fall and winter bearing. Price, each 20c, 3 for 45c, 10 for \$1.15, 100 for \$9.00.

**IMPROVED HANSEN'S BUSH CHERRY**

- No. 4647 This is a cherry that will really bear everywhere. Grows on bushes similar to our native thicket plum, bears profusely, and will fruit everywhere. If you have had trouble growing cherries, try this bush cherry. Price, 3 to 4 ft. plants, each 35c, 10 for \$2.75.

**FLOWERING TREES**

In the long succession of colorful pictures that are presented in our Southern Gardens, the most impressive are those provided in February, March and April by Flowering Trees. Blooming before the appearance of foliage, as most of them do, their clear tones of color afford boundless opportunities for the creation of lovely garden scenes. Their graceful branches are exquisitely beautiful, either spread against backgrounds of sober evergreens, or matching their brilliant colors with beds of gay tulips, daffodils and other early flowers.

- No. 4648 **Flowering Apricot, Dawn**. (Japan) Earlier than flowering Peach, many consider this the most beautiful of all flowering trees. The individual flowers are very large, double, with a delicious odor; color a warm shell pink. Price 4 to 5 ft., ready to bloom. Each \$1.50.

- No. 4649 **Burbank's Purple Leaf Plum**. Foliage larger and more reddish than *Prunus Pissardi*. Flowers are large, dainty apple-blossom pink. A very brilliant decorative tree. Price 4 to 5 ft. trees, \$1.15 each.

- No. 4650 **Flowering Cherries**. Double Pink, one of the loveliest and most double of all flowering cherries, and, we think the best. Price 4 to 5 ft. trees, \$1.50 each.

- No. 4651 **Flowering Cherry**. Double White. The best double white, flowers large. Foliage light green. Price 4 to 5 ft. trees, \$1.50 each.

**FLOWERING PEACHES**

This year we offer some distinctly new colors in splendid new varieties. The dwarf varieties make splendid flowering shrubs; the tree varieties grow much larger and make splendid specimens or work in well with swanky landscape jobs.

- No. 4652 **Burbank** (Tree Form). Lovely deep pink, double.

- No. 4653 **Aurora** (Tree Form). Soft pastel pink, double.

- No. 4654 **Double Cerise** (Tree Form). A clear bright double red.

- No. 4655 **Iceberg** (Tree Form). White, very large.

- No. 4656 **Peppermint Stick** (Tree Form). Variegated double white and red.

- No. 4657 **Mandarin** (Dwarf). Double red, profuse bloomer; a lovely shrub. Price on all above varieties, Tree Form 4 to 5 ft, \$1.00 each; Dwarf Bush Form, 18 inch stem, bushy top, \$1.50 each.

- No. 4658 **Longclustered Goldenchain** (*Laburnum Vossi*). A small tree with green bark and foliage like exaggerated clover leaves. Flowers are pure golden yellow, and formed in long racemes like *Wisteria*; very beautiful and still very rare. Price 4 to 5 ft trees, \$2.00 each.

- No. 4659 **Red Flowering Horsechestnut**. A beautiful, rare tree from the Balkans; long spikes of bright scarlet flowers. Price 2-year plants, 12 to 18 inch, balled in moss, 55c each.

- No. 4660 **California Pepper Tree**. (*Schinus Molle*). A well known round-headed tree to 40 ft., with low drooping branches; fine feathery foliage and drooping clusters of red berries in winter. Very ornamental. Price 2 to 4 ft. plant from 1-gallon cans, 75c each.

- No. 4661 **Acacia**. Lovely tree, or large shrub from Australia. Leaves long glossy-green; flowers yellow borne in small spikes at axil of every leaf. Stands drought extremely well. Price 2 to 3 ft. plants, 65c each.

- No. 4662 **Orchid Tree**. (*Bauhinia Purpurea*). Large shrub or small tree; attractive orchid color and orchid shaped flowers. 1 1/2 to 2 ft. plants, 75c each.

- No. 4663 **Wormwood Senna**. (*Cassia Tomentosa*). Large shrub or small tree; dense dark green foliage, clusters of bright yellow blooms. Price 2 to 3 ft. plants from 1-gallon cans, 55c each.

- No. 4664 **Jerusalem Thorn**. (*Parkinsonia Aculeata*). A very interesting small tree, with bright green fine tropical appearing foliage, and profusion of yellow fragrant flowers. Price 3 to 4 ft. plants from 1-gallon cans, 75c each.

**RED BUD**

This lovely and popular shrub can now be bought at such reasonable prices that everyone should plant masses of them about their premises.

- No. 1156—2 to 3 ft. 9c each, 10 for 80c, 100 for \$6.50.

- No. 1157—3 to 4 ft. 23c each, 10 for \$1.90, 100 for \$15.00.

- No. 1158—4 to 5 ft. heavy well branched, blooming size 49c each, 10 for \$4.00.

- No. 4665 **White Flowered Redbud**. A lovely new novelty, like our native redbud, except flowers are creamy white. Something distinctive. One year plants, each 45c.

- No. 1106 **White Dogwood**—(Large Flowering). A very distinctive and lovely shrub when in full flower. 3 ft heavy plants 49c each.

- No. 4666 **Red Flowering Dogwood**. (*Cornus Florida*). Most beautiful of the Dogwoods. Deep pink, or red flowers 4 inches across covering the tree before foliage appears. Price 18 to 24 inch grafted plants, 95c each.

- No. 4667 **Mimosa or Silk Tree**. (*Albizia Julibrissan*). One of the most handsome and ornamental of all flowering trees; tropical like foliage with large flat rose colored flowers. Quite hardy. 4 to 5 ft. trees, 65c each.

- No. 1311 **Bechtel Flowering Crab**. Beautiful double pink. Plant literally covered in May and June followed by red fruits. 5 to 6 ft. well branched, \$1.85 each.

**CHINESE MAGNOLIAS**

These lovely flowering magnolias represent the Aristocrats of this splendid family. They are expensive, but they are worth it. All our plants balled in damp sphagnum moss and of course guaranteed to live.

- No. 4668 **Lily Magnolia**—Lovely flowers 4 to 5 inches long; purple outside and lavender within. Blooms remain cupped, and do not open flat. 18 to 24 inch plants, \$1.50 each.

- No. 4669 **Star Magnolia** (*Magnolia Stellata*) The rarest of the deciduous Magnolias. Small, spreading tree, and in April a mass of fragrant white flowers 3 inches across, each flower made up of numerous long, narrow petals, as though cut from waxed crepe paper. Price, 12 to 18 inch plants, \$1.25 each.

- No. 4670 **Saucer Magnolia** (*Magnolia Soulangeana*) Large flowers, 5 to 7 inches long, with pointed petals; purple outside, and lavender within. Grows into handsome tree, pyramidal in form. 18 to 24 inch plants, \$1.50 each.

- No. 4671 **White Bay** (*Magnolia Glauca*) Well known native "White Bay" of southern United States. Blooms young, and hardy to St. Louis. Price, 12 to 18 inch plants, balled in moss, 50c each.

- No. 4672 **Desert Gum** (*Eucalyptus Rudis*) An erect, strong, fast growing tree native to Australia, adapted to planting in hot, dry sections. Sometimes reaches height of 150 feet. Price, 3 to 4 ft. plants from 1 gal. cans, 65c each.

- No. 4673 **Jacaranda**—One of the most handsome flowering trees we know of; attractive fern-like foliage, beautiful tubular light violet flowers borne in clusters. Makes splendid specimen tree. Price, 3 to 4 ft., 75c.

## SHRUBS—FLOWERING AND ORNAMENTAL

No home is complete without some shrubs, vines, etc. planted around the premises. Houses without anything planted around them look cold, desolate and uninviting. The greatly reduced prices we offer on shrubs this year, with the long, full list we offer, will enable any home owner to beautify his premises at a small cost.

- No. 1064 Almond Pink Flowering—Dwarf growing, blooms very early. Pink flowers. Price, 18 to 24 inch, 49c.  
No. 1065 Almond White Flowering—Dwarf growing, blooms very early, white flowers. Price, 18 to 24 inch, 49c.

## ALTHEA—BUSH ALTHEA

- No. 1066 Alplissima—Double red.  
No. 1067 Anemonaeiflora—Double pink.  
No. 1068 Ardens—Double violet.  
No. 1070 Bi-Color—White with red center.  
No. 1072 Boule De Fou—Double violet red.  
No. 1074 Duchess De Brabant—Double clear red.  
No. 1075 Jean De Arc—Double pure white.  
No. 1076 Rubis—Single red.  
No. 1077 Snowdrift—A large, pure snow-white single.  
No. 1078 Violet Claire—Single Clear violet.

## PRICES ON ABOVE ALTHEA

Strong, bushy 2 to 3 ft. plants that will bloom the first year, each 29c; 10 for \$2.75.

- No. 1174 Tamarix Aestavales—Deep rose pink flowers, gray-green foliage. The best of all. Price 3 ft. bushy plants 39c each, 10 for \$3.50.
- No. 1176 Mayflower Viburnum—This is about the finest of all flowering shrubs. Not generally offered because too high in price. Clusters of waxy white flowers tinted pink. Delightfully fragrant. 2 ft. plants 95c each, 10 for \$8.50.
- No. 1178 Vitex Improved Chaste Tree—Deep blue flowers borne in profusion throughout the summer. Stand drought well. 4 ft. plants 39c each, 10 for \$3.50.
- No. 1180 Wayfare Tree—(*Viburnum Lantana*). Attractive shrub with white flowers in May followed by red berries. Price, 2 ft. plants 39c each, 10 for \$3.50.
- No. 1183 Red Weigela (*Eva Rathke*) Rich ruby red flowers. Blooms in spring and again in the fall. 3 ft. bushy plants 49c each, 10 for \$4.00.
- No. 1184 Pink Weigela—Showy rose pink flowers. Produces freely. 3 ft. bushy plants 39c each, 10 for \$3.50.
- No. 1082 Red Leaved Barberry—A highly desirable decorative evergreen with blood red foliage; very choice. Strong 2 ft. plants, 59c each.
- No. 1083 Kerria Japonica—Attractive flowering shrub, with pure deep yellow flowers about the size of small roses. Price, strong 2 ft. plants, 59c each.
- No. 1086 Exochorda—(*Pearlbush*). Beautiful shrub with light green foliage, pear-like buds, open into pure-white fragrant waxy flowers. Price, 49c each.
- No. 1090 Hypericum (*Golden St. John's wort*) Dark glossy foliage, bright yellow flowers about size of silver dollar in July. Price 18 inch plants, 49c.
- No. 1091 Kolwitzia (*Beautybush*) Shrub of graceful habit, with funnel shaped pink flowers in profusion. 2 ft. plants, heavy, 49c each.
- No. 1103 Glossy Buckthorn (*Rhamnus Frangula*) Hardy shrubby tree, glossy foliage that turns clear yellow in autumn; red, purple and black berries. Price, 2 ft. strong plants, 49c each.
- No. 4677 Swan River Pea Bush (*Brachysema Lanceolatum*—New) Gray leaved Australian shrub, bearing red flowers. Blooms throughout the year. Stands plenty of heat. Price, 1 to 1 1/2 ft. plants from 4 inch pots, \$1.00 each.
- No. 4678 Veronica Imperialis—Medium size thick rounded leaves, with purple-red veins. Flower clusters are a deep wine color. Price, 1 ft. plants, 55c each.
- No. 4679 Purple-Bronze Heather—Flowers purplish-pink in profusion October to January. We furnish strong 2-year clumps, blooming size, each 75c.
- No. 4680 Lions Tail—(*Leonotis Leonurus*). Fast growing shrub with narrow bright green foliage. Whorls of velvety orange flowers along the branches. Summer bloomer. Price, 1 to 1 1/2 ft. plants from 1 gal. cans, 65c each.
- No. 4681 Belgian Honeysuckle (*Lonicera Belgica*) Strong growing vine; thick grayish-green foliage with light rosy-purple flowers. 2 to 3 ft. plants from 1 gal. cans, each 65c.
- No. 4682 Bush Morning Glory (*Ipomea Fistulosa*) Shrub 4 to 10 ft. Lavender pink flowers with darker throat. Grown widely in South Texas and Mexico. Price, 2 1/2 to 3 ft. plants from 1 gal. cans, 65c each.
- No. 4683 Ornamental Banana (*Musa Ensete*) Highly ornamental tropical plant, with extremely long leaves, sometimes two feet wide, with red mid-rib. Not hardy in cold weather. Price, 1 to 1/2 ft. plants from 1 gal. cans, 75c each.
- No. 4684 Queen Palm (*Cocos Plumosa*) Grows to 80 ft. Long, feathery arching leaves; tall slender trunk. Popular for street planting. Price 1 1/2 to 2 ft. plants from 1 gal. cans, 90c each.
- No. 4685 Silver Bush (*Convolvulus Cneorum*) Compact, dwarf-growing shrub with small silvery foliage and pure white satiny flowers. 6 to 12 inch plants from 1 gal. cans, 65c each.
- No. 4686 Cigar Plant (*Cuphea Ignea*) Long, narrow tube-shaped bright red flowers blooming all summer and fall. Rather tender. Price 12 inch plants 60c each.
- No. 4687 Angels Trumpet (*Datura Arborea*) Large shrub or small tree with large thick grayish-green foliage, and large tubular white flowers. 12 inch plants from 1 gal. cans 65c each.
- No. 4688 Coral Plant (*Erythrina, crista-galli*) Very showy shrub. Flowers are very large, individually borne in long panicles from 1 to 2 ft. In color they are brilliant crimson, shaded scarlet; shaped like calla lily. Price 2 to 3 1/2 ft. plants from 1 gal. cans, 75c each.

## FRENCH LILACS

- The new French Hybrid Lilacs we offer are a vast improvement over the old varieties. Our list is selected to give as great variation in type and color as possible; each variety is outstanding in its class. Price each, 2-year grafted plants, 18 to 24 inch, 65c each.
- No. 4689 Claude Bernard—Light mauve-lilac, double.
- No. 4690 Jan. Van Tol—Single white, individual flowers and clusters very large.
- No. 4691 Leon Gambetta—Purple to pinkish-lilac, double.
- No. 4692 Red Marley—Red to rose pink, lovely single.
- No. 4693 Lamarck—Pink double, a very lovely lilac.
- No. 4694 Henryi Lutece—Violet purple, late bloomer.
- No. 4695 Condorcet—Pure blue, double.
- One each of the above eight fine varieties for only \$4.00.
- No. 4696 Bottle Brush (*Callistemon Rigidus*) Stiff narrow foliage; deep red flowers resembling bottle brush; hence its name. Price, 2 to 3 ft. plants, 65c each.
- No. 4697 Shrimp Plant (*Beloperone Tomentosa*) Attractive small shrub with unique, long reddish-brown bracts. Likes shade. Price 1 to 1 1/2 ft. plants, 65c.
- No. 4698 Yellow Broom (*Genista Fragrans*) Small, grass-green foliage; profusion of bright yellow, pea-shaped flowers. Full sun. Price, 1 to 1 1/2 ft. plants from 1 gal. cans, 60c each.
- No. 4699 Transvaal Daisy (*Gerbera Jamesoni Hybrid*) Excellent perennial with wide range of brilliant colored daisy-like flowers; one of finest cut flowers. Price, 2-year strong plants, ready to bloom, 55c each.
- No. 4700 Mexican Bush Sage (*Salvia Leucantha*) A low growing plant with pointed gray-green foliage; spikes of violet flowers in abundance in

- summer and fall. Price 1 to 1 1/2 ft. plants from 1 gal. cans, 60c each.
- No. 1360 Pampas Grass—This is the true Argentine Pampas Grass that does so well all over the South, but is not hardy north. Lovely foliage, beautiful long silvery plumes. Price 1-year small divisions, 24c each, 10 for \$2.15.
- No. 1361 Pampas Grass—Same as above except heavy clumps for immediate effect. Each 45c, 10 for \$4.00.
- No. 1362 Pampas Grass—Like above Pampas Grass, except has pink plumes. Rare. Price, heavy clumps, 55c each.
- No. 1363 Hardy Pampas Grass—This is the Pampas Grass that does so well over the North, and is quite hardy. Very tall, lovely plumes. Price 24c each, 10 for \$2.15.
- No. 1364 Red Yucca—A desert-like plant, throwing long tall coral spikes of flowers. Native to Texas, and very ornamental. Good 2-year plants, 55c each.

## HEDGE PLANTS

The hedge is more than its own excuse for being; it justifies its existence in various ways. Around the small yard of a cottage or the formal terrace of a city home, the Amur River Privet, or Arborvitae can be trimmed and kept in scale with the size of the lawn. If there is an ill-kept lot adjoining, or the sun room is near the street, then let your Amur hedge grow rankly.

A hedge may serve to shield from view the chicken yard or the family wash, or suggest to the children that the playhouse yard must end where a neighbor's lawn begins.

Amur River Privet (*L. Amurensis*) Most popular and best hedge for the South. Very beautiful evergreen, dense in growth, dark in one year. Very hardy and well adapted to general planting. Exceedingly beautiful and permits shearing to any height or shape.

Price, strong plants:	10	50	250
No. 1185 12 to 18 inch .....	45c	\$2.00	\$ 9.00
No. 1186 18 to 24 inch .....	60c	2.75	11.75
No. 1187 2 to 3 ft. ....	90c	4.00	17.50

California Privet—This beautiful hedge plant has a larger leaf than Amur Privet, and is very beautiful in summer and fall, lending itself admirably to shearing. However, we do not consider it as useful for planting in the South as Amur River because it loses some of its foliage in the winter, whereas, Amur River Privet will look pretty the year round.

Price:	10	100
No. 1188 18 to 24 inch .....	70c	\$6.00
No. 1189 2 to 3 ft. ....	90c	8.00

No. 1192 True Hedge Column Berry—(Plant Patent No. 110). A sensational new form of Barberry. Perfectly upright and pyramidal with very dense growth and heavy foliage that is evergreen in the South. Very drought resistant. For a fine hedge, this is unsurpassed. 18 inch plants, bushy, 39c each, 10 for \$3.50, 100 for \$27.50.

No. 1194 Lodense Privet—This is a dwarf, compact hedge plant evergreen, suitable for low hedge, edging, cemetery lots, etc. May be sheared any form, but forms a natural compact plant without any attention. 6 to 9 inch plants 12c each, 10 for \$1.10, 50 for \$6.00.

## FLOWERING QUINCES

(Known also as "Japonica" and "Fire-in-the-Bush")

In presenting this splendid early spring flowering shrub in these new and distinct colors, we feel we are offering plant lovers everywhere an opportunity to grow a shrub that is hardy and enduring, and at the same time distinctly different, because of the new colors offered. All are one-year grafts, and will bloom exactly as described. Price each, any variety offered below, 95c.

- No. 4701 Grandiflora—Flowers large; lemon, tinted pink, later becoming deep rose.
- No. 4702 Macrocarpa—Bright orange red flowers, medium size, practically thornless.
- No. 4703 Nivalis—Snow white, flowers large.
- No. 4704 Rubra Grandiflora—Deep red, early, very large flowers. Probably the most popular of all.
- No. 4705 Kermesiana Semiplena—Flowers large, often semi-double, varying from apple blossom pink to clear red.
- No. 4706 Columbia—Flowers rosy-red, elongated. Splendid variety. One each of the above six lovely varieties for only \$4.50.

## FRENCH HYDRANGEA

This is the Hydrangea with large flower heads in pink, blue or red, so widely planted throughout the South. Nothing makes a more beautiful flowering plant, and they are very long-lived. Price each, for two-year field grown plants that have bloomed this past season in the field, 65c each; 10 for \$5.00.

- No. 4707 Otaksa—Lovely pink, one of the most popular.
- No. 4708 Trophee—Red, a distinctly clear color.
- No. 4709 Royal Blue—A natural deep blue, without adding anything to soil to turn flowers blue.

## BURKWOOD VIBURNUM

No. 4710 Burkwood Viburnum—This is probably the most valuable novelty in the flowering shrubs that has appeared for several years. This is a very hardy evergreen shrub, hardy to Canada, and improvement of Viburnum Carlesii. Attains height of six to seven feet, bearing very fragrant white flowers, tinted pink, in large heads 4 inches broad, and containing as many as 250 individual flowers. Plant has rich, glossy-green foliage, turns purplish bronze in winter. An outstanding evergreen blooming shrub that has everything. Price 1 to 1 1/2 ft. plants from 5-inch pots, \$1.75 each.

## AZALEAS

Azaleas, contrary to general belief, are by no means hard to grow, provided certain requirements are fulfilled. They may be grown without difficulty in all gulf coast regions, and the Atlantic coast, as far north as North Carolina.

The following varieties are the outstanding ones of their color:

- No. 4620 **Pride of Mobile**—Lovely watermelon pink, flower very large. Large leaves, vigorous grower, one of the very best.
- No. 4621 **Pride of Dorking**—Brilliant cerise red, a clear, striking, pure red; compact grower.
- No. 4622 **Prince of Orange**—Flower large, dark orange red. One of the richest colored of all Azaleas.
- No. 4623 **Gulf Pride**—Flower medium to large, and a most charming light purple color; very hardy and stands cold exceptionally well.
- No. 4624 **Rosy Purpurea**—Wine red color; a magnificent, outstanding variety.
- Flag of Truce**—Full double white with waved petals; a dazzling beauty.
- No. 4625 **Criterion**—White ground, well marked with wide pink stripe.

## PRICES ON ALL AZALEAS

	Each	10
10 to 12 inch, 2 year, with buds, balled and burlapped.....	\$ .95	\$ 8.50
18 to 24 inch, 3 to 4 year plants, with buds, B. & B.....	1.90	17.50
Guaranteed to live—Delivered at above prices.		

## INSTRUCTIONS FOR GROWING AZALEAS

1. Provide acid soil, use plenty of leaf mold (oak leaves most desirable), pond muck or peat moss.
2. Lime or alkaline soil is poisonous; remove such soil to depth of two feet and fill in with acid soil, about one-third each leaf mold, good loam and peat moss. To this, add one 4-inch pot of Alluminum Sulphate to wheelbarrow of soil.
3. Keep well watered always; spray foliage often.
4. Provide good drainage; fill in bottom of bed 10 inches with crushed brick, steel shavings, scrap iron, old bones, etc.
5. Fertilize lightly, or not at all, using Vigoro or well decayed cow lot fertilizer in small amounts.

## CAMELLIA

Also known as "Japonica" in the South. Similar in climatic and soil requirements to Azalea. Flowers of great beauty; fully double.

- No. 4626 **Alba Pleno**—One of the best and most widely known Japonicas; fully double, large pure white.
- No. 4627 **Augusta Wilson**—Double pure pink, peony type, large. Blooms before Christmas. Leaves large, round and thick.
- No. 4628 **Lady Vansitta Variegata**—One of the most beautiful variegated Camellias; white striped with shades of red. Blooms mid-season.
- No. 4629 **Prof. Sargent**—Fully double, peony form; color dark red. Glossy, round, thick leaves. An outstanding beauty.

Prices on all above varieties of Camellias:

12 to 18 inch plants from 4-inch pots, each, \$1.25; 10 for \$10.00.

## GARDENIA, OR CAPE JASMINE

The Cape Jasmine so well known and loved throughout the South is Gardenia Florida. Gardenia Veitchii is the Florists Gardenia, but may be grown outdoors everywhere that Gardenia Florida thrives, but is not quite so hardy. Prices and descriptions follow:

- No. 4630 **Gardenia Florida (Cape Jasmine)**—Hardest of all Cape Jasmies. Flowers are large, pure white, highly scented. Dark green, glossy leaves. Price for 12 to 18 inch plants, balled in moss, 45c each, 10 for \$3.90.
- No. 4631 **Price for 2 ft. bushy, field grown plants, balled and burlapped, \$1.50 each.**
- No. 4632 **Gardenia Veitchii**—The most lovely of all Gardenias, and the variety most generally grown in greenhouses for floral work. Flower is pure white, fully double, and will stay white for a long time. Begins flowering when very young; blooms more or less throughout season. Price for well pinched plants from 5-inch pots, 12 to 15 inches tall, \$1.25 each.

## OLEANDER

This lovely, typical Southern, flowering shrub or tree deserves its popularity. Blooms continuously from early spring throughout the year. Note the fine assortment of colors following:

- No. 4633 **Mrs. Rodding, Double Salmon.**
- No. 4634 **Double Dark Red.**
- No. 4635 **Sarah Bernhardt, Shell Pink.**
- No. 4636 **Semi-double Pure White.**
- No. 4637 **Splendens Gigantea, Double Rose.**

Price, any of above fine varieties from 1 gal. cans, 1 1/2 to 2 1/2 ft. tall, bloom soon after planting, 60c each.

## CHINESE HIBISCUS

The beautiful plants are among the showiest in our southern landscape. These are suitable for warm sections in the South. Do not confuse this with the hardy Hibiscus, which is not nearly so gorgeous.

- No. 4638 **Agnes Gault, large single pink.**
- No. 4639 **Apricot, single.**
- No. 4640 **Scarlet, single.**
- No. 4641 **Peach Blow, double pink.**
- No. 4642 **Single pure white.**
- No. 4643 **Single pure yellow.**

Price on any of above fine varieties, from 1 gal. cans 1 1/2 to 2 ft. tall, 65c each, 10 for \$5.50.

## HOLLY

All hollies are hard to transplant, so we are, beginning this year, offering only well pot-bound plants from 3-inch pots. They are sure to live and will grow right off.

- No. 4644 **Chinese Holly (Ilex Cornuta)** A very handsome holly, with large spiny, dark glossy green leaves with large red berries. 2-year 8 to 12 inch plants, from 3 inch pots, 45c each.
- No. 4645 **American Holly (Ilex Opaca)** Grown from grafts taken from known berry-bearing plants, guaranteed to bear berries. Price, 8 to 12 inch plants from 3 inch pots, 55c each.
- No. 4645 **Yaupon Holly (Ilex Vomitoria)** Our plants propagated strictly by cuttings from known berry-bearing plants. 6 to 8 inch plants from 3 inch pots, 49c each.

## CLIMBING VINES

Below we present a complete list of the best climbing vines for use in the South and Southwest. The beauty of any home may be greatly increased by the careful use of these climbing vines.

- No. 1196 **Bignonia Radicans (Trumpet Vine)** Trumpet-shaped scarlet flowers in summer. Blooms persistently, very hardy. Price 39c each.
- No. 4711 **Yellow Trumpet Vine (Bignonia Tweediana)**. Hardy climber, with brilliant yellow trumpet-shaped flowers. Clings to any surface. Price, 3 to 3 1/2 ft. plants from 1 gal. cans, 75c each.
- No. 4712 **Painted Trumpet Vine (Bignonia Violacea)** Large tubular violet flowers in spring and summer. Fine climber. Half hardy.
- No. 4713 **Bougainvillea**—Fine climber for warmer parts of South; brilliant reddish-purple flowers. Needs sun. Price, 1 1/2 to 2 ft. plants from 1 gal. cans, 85c each.
- No. 4714 **Bougainvillea Crimson Lake**—Not as hardy as above, but with clusters of rosy-crimson flowers. Plant in full sun. Price 1 1/2 to 2 ft. plants, \$1.00 each.
- No. 1201 **Boston Ivy (Ampelopsis Veitchii)**. A vine that covers with overlapping foliage; self-clinging and will adhere closely to the smoothest surface. Leaves a deep green changing to crimson and yellow in Autumn. When once established requires no further care. Ideal for planting on stucco and brick walls. Price 2-year plants 45c each.
- No. 1202 **Carolina Jasmine**—This beautiful evergreen climbing vine has bright green foliage the year round, and is covered in the early spring with sunflower yellow flowers about the size of a 25c piece; of wonderful fragrance. If you have never tried this splendid climbing evergreen there is a rare treat in store for you. 2-year plants, heavy 69c each.

## LARGE FLOWERING CLEMATIS

This is the aristocrat of all climbing vines, and in our opinion, nothing is more beautiful than Clematis Jackmani in full bloom. Every homeowner should plant a few of these large flowering Clematis.

- No. 1204 **Jackmani**—Deep velvety purple flowers, large size.
- No. 1205 **Henryi**—Creamy white flowers.
- No. 1206 **Mme. Edouard Andre**—Large crimson red flowers.
- No. 1207 **Ramona**—New lovely light blue.
- Two-year blooming size plants, each 79c; 5 for \$3.50.
- No. 1208 **Blue Clematis**—Slender, climbing vine, with blue or purple bell-shaped flowers. Blooms from June to September. Endures heat and drought, native of Texas. Price 39c each.
- No. 1209 **Red Clematis**—A native vine of Texas, scarlet flowers, pitcher shaped, nodding. Endures hot, dry weather. Price 39c each.
- No. 1210 **Clematis Paniculata (Sweet-Scented Clematis)**. Flowers small, star-shaped; white in color and produced in enormous quantities. Very fragrant and easily established. 2-year, heavy plants 39c each.
- No. 1212 **English Ivy**—This hardy evergreen climber will climb brick or stucco or stone walls. It is by far the best hardy evergreen climbing vine. Rather slow growth, but when once established, its beauty repays all the trouble in growing. Price strong heavy plants 39c each.
- No. 1213 **Climbing Euonymus**—This splendid climbing evergreen resembles the Euonymus Japonica bush form, except it is a little lighter green, and its climbing habit makes it a very valuable climber for fences, stucco walls, brick chimneys, etc. Strong heavy 2-year plants 49c each.

## HONEYSUCKLE

This old favorite still retains its deserved popularity. It is evergreen in the South. Makes a good climbing vine or can be used as a screen or a hedge. Delightfully fragrant flowers.

- No. 1214 **Hall's (Lonicera Halliana)**. Strong growing honeysuckle that is almost evergreen. Its flowers are white changing to yellow and very fragrant.
- No. 1215 **Scarlet Trumpet (Lonicera Sempervirens)**. A brilliant variety with trumpet-shaped flowers of bright scarlet. Valuable for use on porches and trellis.
- No. 1216 **Yellow Trumpet (Lonicera Sempervirens Flava)**. Similar to the scarlet variety, but with flowers of deep yellow, bright green leaves. 2-year heavy Honeysuckle 29c each; 10 for \$2.75, for all three varieties.
- No. 1217 **Primrose Jasmine**—Lovely climber for the South. Yellow flowers about the size of a 50c piece. 2-year strong plants 49c each.
- No. 1219 **White Jasmine (Jasminum Officinale)**. Famous Southern climber. Exquisitely beautiful. Pure white flowers with a spicy fragrance. 2-year strong plants 49c each.
- No. 1220 **Kudzu Vine**—The strongest growing climber we know of. It will grow 60 ft. in one season. Has no equal for covering large space in short time. Price strong 2-year plants 39c each.
- No. 1221 **Maderia Vine**—Fast growing, dense vine, making deep shade. Bears fragrant white flowers in profusion late summer and fall. Strong tubers, each 24c, 10 for \$2.20.

## EVERLASTING SWEET PEA

Very similar to summer flowering Sweetpea except that it is hardy and grows back year after year stronger than ever.

- No. 1223—Pink. No. 1224—White. No. 1225—Red—2-year strong plants 19c each, 10 for \$1.65.

## QUEENS WREATH

One of the loveliest climbing vines for the whole South and will stand zero weather. Grows fast, affords dense shade, and in the fall is covered with a mass of glowing rose pink flowers of rare beauty. Dies down each year, but comes back stronger the next.

- No. 1226—1-year plants 19c each; No. 1227—2-year strong plants 29c each; No. 1228—3-year extra heavy plants 39c each.  
 No. 1229 Virginia Creeper—(Ampelopsis Quinquefolia). Large green leaves changing to crimson in the fall. Requires no support and is suited for covering tree trunks and walls. Price each 29c.  
 No. 1230 Wisteria Purple—(Sinensis). An excellent vine for Southern planting. Flowers light purple and blue in early spring, borne in large drooping clusters. Well adapted for arbor planting. Two-year heavy grafted, 45c each.  
 No. 1231 Wisteria White—(Sinensis Alba). Resembles the purple variety, but with white flowers. Hardy and very desirable. Two-year heavy, grafted, 45c each.

## FANCY WISTERIAS

The Wisterias offered below are grown from Grafts. These Wisteria are known as Japanese Wisteria, the loveliest of all, and are quite hardy. If you want something charming and different, try some of these.

- No. 4715 Floribunda Purple—A clear, beautiful purple. One-year grafts, \$1.25 each.  
 No. 4716 Floribunda Praecox—A clear blue, extra long racemes. One-year grafts, each \$1.25.  
 No. 4717 Floribunda Rosea—Clear pink, very lovely. One-year grafts, 95c each.  
 No. 4718 Floribunda Violacea Plena—Clear violet, distinctively beautiful. One-year grafts, 95c each.

## FLOWERING PLANTS FOR FALL PLANTING

Plant the varieties shown under this heading in October, November and December for fall and winter bloom. They will also continue to bloom throughout spring and until hot weather mows them down.

- No. 1651—(Pansy Plants). Our pansy plants are strong and bushy, and will soon be in bloom after planting. We supply Improved Swiss Giants, about the best money can buy. Price on plants 10 for 15c; 25 for 25c; 100 for 75c; 500 for \$2.95, postpaid.  
 No. 1652—(Snapdragon Plants). Strong well pinched plants from 2 1/4 inch pots, in assorted colors, rose, pink, yellow, bronze, white, lavender, etc., but we ship only assorted colors, all good ones. Price 3 plants for 35c; 10 for 95c; 25 for \$1.95, postpaid.  
 No. 1653—(Stock Plants). Stocks are very hardy, and will bloom on through winter in milder sections of the country. We furnish good strong 2 1/4 inch plants. Price same as on Snapdragon Plants.

## HERMOCALLIS (Day Lily)

Aside from these plants being very attractive in gardens, they are also very striking in floral arrangements, having good lasting qualities.

- No. 428 Dr. Regel—Handsome, rich orange-yellow flowers in May. Very fragrant. Fine for cutting. 1 1/2 ft. in height.  
 No. 429 Flava—(Lemon Lily). Sweet scented, clear full yellow; 2 1/2 ft. in height. Flowers in June.  
 No. 430 Florham—A strong grower, 3 to 3 1/2 feet high, large trumpet-shaped flowers; rich golden yellow, with Indian yellow markings. June and July.  
 No. 431 Fulva—(Brown Day Lily). Coppery orange, shaded crimson. 3 ft. in height. Blooms in July.  
 No. 432 Kwanso—Large, double-flowered variety with rich golden bronze flowers.  
 No. 433 Middendorff Major—A very striking variety, with huge, rich, orange-yellow flowers.  
 Price each 21c, 3 for 57c, 10 for \$1.50.

## PHLOX (HARDY PHLOX)

These beautiful plants are the most popular of all hardy Perennials. The varieties we offer have been tried and tested. They will bloom throughout the South. Ours are strong plants sure to bloom the first year: therein lies the success of phlox.

- No. 313 Albert Leo Schlageter—Glowing brilliant scarlet red.  
 No. 314 Bridesmaid—White with large crimson eye.  
 No. 315 Border Gem—Large violet blue; outstanding.  
 No. 316 E. L. Farrington—Immense heads of salmon-pink flowers.  
 No. 317 Enchantress—Bright salmon pink, darker eye.  
 No. 318 Mrs. Charles Dorr—Beautiful shade of lavender.  
 No. 319 Mrs. Jenkins—Pure white, without tints.  
 No. 320 Painted Lady—Silvery pink, salmon shading, red eye.  
 No. 321 Rijnstroom—Lovely shade of solid rose-pink.  
 No. 322 Von Hockberg—Brilliant red, easy to grow.  
 Price 19c each, 3 for 51c, 10 for \$1.60, 100 for \$12.00.

## SHADE TREES

Here in the South and Southwest, where the sun does get hot, shade trees are a necessity. We are showing varieties below suitable for all locations, climates and purposes.

## NEW LOW PRICES ON SHADE TREES

New low prices on shade trees shown in this catalog will enable every home-owner to beautify his premises and provide ample shade at a very small cost. We call your attention to the small trees we offer. It will take them a year or two longer to make up as large as the larger ones we show, but they do transplant easily, and they are inexpensive.

## ARIZONA ASH

One of the most beautiful of all shade trees. Clean growth holds foliage until nearly Christmas, no leaf-littered lawn. Trunk very straight, foliage dark green, very glossy and beautiful. Recommended for extensive planting in Gulf States. Unexcelled for West Texas, New Mexico, Panhandle and Western Oklahoma planting. El Paso has adopted this tree as the universal street tree.

- No. 1232—Size 4 to 5 ft. 29c each, 10 for \$2.65. No. 1233—Size 6 to 8 ft. \$1.15 each, 10 for \$9.50. No. 1234—Size 8 to 10 ft. heavy well branched each \$1.45, 10 for \$12.00.  
 No. 1240 White Birch—A picturesque native shade tree, white bark with dark green leaves that turn yellow in fall. 6 to 8 ft. heavy branched plants \$1.25 each.  
 No. 1242 Boise D'Arc—A hardy enduring tree, used extensively for hedges. Makes splendid fence posts. Makes finest kind of shade tree, and endures heat, cold, wet or dry weather. Fast grower, small trees will soon make large ones. 3 to 4 ft. size, each 14c; 10 for \$1.00; 100 for \$6.50; 1000 for \$40.00.  
 Box Elder—Grows rapidly into large spreading tree. Makes fine shade trees, and valuable as shelter-belt planting in West and Southwest. Withstand heat and cold. No. 1243—3 to 4 ft. trees 14c each; 10 for \$1.00. No. 1244—6 to 8 ft. heavy branched 85c each; 10 for \$7.00.  
 No. 1245 Western Catalpa—Conspicuous because of its large, broad leaves and massive panicles of white, fragrant flowers. Extensively used for timber plantings. As the wood is very enduring in the ground, it makes fine fence posts, and should be planted on every farm for this purpose. 6 to 8 ft. heavy 95c each; 10 for \$8.00.  
 No. 1246 Umbrella Catalpa—(Catalpa Bungei). Foliage large and glossy. Top-grafter on tall stems it forms a perfect umbrella shaped head and makes an effective tree for formal planting. Price 2-year head, 5 to 6 ft. stem \$1.65 each.  
 No. 1247 American Sweet Chestnut—Makes a very fine, large shade tree. Nuts large and sweet. Price 4 to 5 ft. trees, branched, 95c each.  
 Cottonwood—The fastest growing shade tree known. Trees 3 years after planting frequently reach 40 foot height. Plant groups of these for shade around home and for livestock. No. 1248—3 to 4 ft. each 14c; 10 for \$1.15. No. 1249—Size 6 to 8 ft. price 75c each; 10 for \$6.00.  
 No. 1250 White Dogwood—This is the large flowering white Dogwood in tree size for immediate effect in landscapes. Size 6 to 8 ft. Well branched \$1.00 each.  
 ELM—American White. The noble, spreading, dense tree of our own woods. One of the grandest and hardiest for park or street trees. No. 1252—3 to 4 ft. each 19c, 10 for \$1.50, 100 for \$12.50. No. 1253—6 to 8 ft. Well branched, each 65c, 10 for \$5.50.  
 It takes lots of hard work to plant and care for trees. Plant good stock for best results. We pay transportation charges on everything shown in this catalog, be sure to figure this in when comparing prices.

## CHINESE ELM BARGAINS

From one of our most reliable sources, we offer these Chinese elm. They are straight, having been grown in wide rows and thinned out in row, to develop fairly well finished tops. All have been root pruned to develop a branched root system. Graded by diameter and height. These are grown in the North entirely out of the root rot section. We think you will like them.

	Each	10	100
No. 4719—4 to 5 ft. height, 1-2 to 5-8 inch diameter.....	45c	\$3.75	\$30.00
No. 4720—6 to 8 ft. height, 3-4 to 1 inch diameter.....	65c	5.50	45.00
No. 4721—8 to 10 ft. height, 1 inch diameter .....	95c	8.25	65.00

All delivered and guaranteed to live.

- No. 4722 Hackberry—3 to 4 ft. straight young trees, healthy and thrifty grower. Price each 29c, 10 for \$2.25, 100 for \$17.50.  
 No. 4723 Black Locust (Honey Locust)—4 to 5 ft. 25c each, 10 for \$1.95, 100 for \$16.00.  
 No. 1268—Cucumber Tree—(Magnolia Acuminata). A tree of large pyramidal growth. The fruit resembles a small cucumber when young, but when ripe is of deep scarlet. Size 4 to 6 ft. Price 59c each.  
 No. 1271 Maidenhair Tree—This tree has tropical foliage, but is very hardy, a rapid grower, smoke and dust-proof. Size 5 to 6 ft. 85c each.

## MAPLE

No tree is so lavish in its beauty, and few, if any, are so valuable for shade trees, ornamental trees, etc. Plant them liberally for shade and ornament.

- No. 1272 Norway Maple—Size 6 to 8 ft. \$1.25 each.  
 No. 4724 Purple Leaf Maple (Schweidler)—Very popular because of reddish-purple leaves in spring. 5 to 6 ft. trees \$1.15 each.  
 No. 4725 Silver Leaved Maple—4 to 5 ft. 25c each, 10 for \$1.95, 100 for \$17.50.  
 No. 4726 Red Leaved Japanese Maple—Handsome small tree with blood red foliage, making a distinctive showing, either with other shrubs, or alone as a specimen. Price, grafted plants, 12 to 15 in. \$1.65 each.  
 No. 1277 Sugar Maple—The grandest of maples, producing tall, stately trees of greatest beauty. Its foliage in autumn is rich with brilliant tones of orange and lemon. For street and boulevard planting it has few equals. 3 to 4 ft. size 19c each 10 for \$1.60. No. 1278—Size 6 to 8 ft. 89c each 10 for \$7.50.  
 No. 1279 Russian Mulberry—A very hardy drought resisting tree that will thrive and make excellent shade in the driest sections of the country. Size 5 to 6 ft. 57c each, 10 for \$5.00.  
 No. 1280 Mulberry—(Tea's Weeping). This is a lovely ornamental lawn tree 5 to 6 ft. stem and 2-year head. Price \$1.55.  
 No. 1285 Native Persimmon—Makes fine large shade tree. Produces lots of fruit. Size 6 to 8 ft. \$1.35 each.  
 No. 1286 Boleana Poplar—Rapid growing columnar tree with silvery foliage. 6 to 8 ft. each 95c.  
 No. 1287 Carolina Poplar—Rapid grower succeeds over wide territory. A lovely shade tree, 4 to 5 ft. 29c each, 10 for \$2.50.  
 No. 1288 Carolina Poplar—8 to 10 ft. 85c each, 10 for \$17.50.  
 No. 1289 Lombardy Poplar—Tall, slender, columnar tree, excellent in landscape work. 4 to 5 ft. each 24c, 10 for \$2.00. No. 1290—10 ft. trees each 95c, 10 for \$8.50.  
 No. 1291 Silver Poplar or White Poplar—Good shade trees for dry sections. Dense spreading type, leaves woolly white underneath. 4 to 5 ft. 24c each, 10 for \$2.00.

- No. 1292 Silver Poplar—6 to 8 ft. Price each 65c, 10 for \$5.50.  
 No. 1293 Redbud—Tree type, splendid large trees 6 to 8 ft. for immediate effect. Price each \$1.35, 10 for \$12.00.  
 Sweet Gum—At home all over the South. Yields a gum used in preparation of chewing gum. No. 1296—3 to 4 ft. 19c each. No. 1297—6 to 8 ft. 85c each.  
 Sycamore—(Platanus Occidentalis). Also called American Plane or Buttonwood. Upright, shapely and beautiful. No. 1298—4 to 5 ft. 39c each, 10 for \$3.35. No. 1299—6 to 8 ft. heavy well-branched 89c each, 10 for \$8.00.  
 Tulip Tree—A tall, robust tree of magnificent appearance. Leaves of unusual form. The blossoms are tulip-like in shape and size. Showy. No. 1300—3 to 4 ft. 24c each, 10 for \$2. No. 1301—6 to 8 ft. 85c each, 10 for \$7.50.  
 China Texas Umbrella—A dense spreading canopy topped tree which does not attain great height but with wide-spreading branches. Fragrant purple flowers are borne in spring, followed by numerous creamy yellow berries. No. 1302—3 to 4 ft. 24c each, 10 for \$2.00. No. 1303—5 to 6 ft. 79c each, 10 for \$6.75.  
 No. 4727 Russian Olive—4 to 5 ft. 39c each, 10 for \$3.00, 100 for \$22.50. This is a splendid tree for the Plains, Oklahoma, etc.  
 No. 4728 Black Walnut—3 to 4 ft. 29c each, 10 for \$2.25, 100 for \$18.00.  
 No. 4729 Weeping Willow—The variety we offer is the true weeping, with long pendulous branches, hardy to St. Louis, but not beyond. Price for 4 to 5 ft. trees 45c each, 10 for \$3.75.  
 No. 4730 Weeping Willow—Same as above, 8 to 10 ft. trees, \$1.65 each.

## ROSES—HOW TO SUCCESSFULLY GROW THEM

- (1) Buy from a reliable source.
- (2) Avoid buying "cheap roses." You will be disappointed.
- (3) Cut rose bushes back to 9 inches when planting.
- (4) Do not mix any fertilizer with soil.
- (5) Mound dirt up on bushes when planting; let stay about five days, and remove dirt.
- (6) Buy those roses known as Monthly blooming, or Everblooming, for Southern growing.
- (7) Put fertilizer on top of ground in late winter. (Well decayed cow-lot fertilizer is best.)
- (8) Keep roses well watered, not sprinkled.
- (9) Spray with sulphur to keep down black spot; and spray with Black Leaf 40 to keep down green lice.

If you will follow these directions you can grow good roses, with good strong, long stems.

**SPECIAL NOTICE**—You will be besieged with advertising of all sorts. Newspaper, catalog, radio, etc., offering roses for such ridiculous prices as ten for a dollar, postpaid. If you fall for this kind of advertising, you can expect no results; your good judgment should tell you that no reliable firm can sell you ten or a dozen roses for \$1.00 and pay transportation, and send you stock that you will be satisfied with.

## BUSH ROSES—MONTHLY OR EVERBLOOMING

- No. 900 Alexander Hill Gray—Lemon-yellow, extremely fragrant, fine for the South.  
 No. 901 Ami Quinard—Almost as black as Nigrette, and better bloomer.  
 No. 903 Betty Uprichard—Large salmon pink; earmine and copper sheen.  
 No. 904 Briarcliff—Fine deep rose-pink; best outdoor cut flower variety.  
 No. 905 Caledonia—Pure white, long bud. Splendid cut flower variety.  
 No. 908 Condesa de Sastago—(New). Fiery copper inside; reverse rich gold.  
 No. 915 Dame Edith Helen—Pure glowing pink; large, continuous bloomer.  
 No. 913 Edith Nellie Perkins—Salmon pink; flushed orange, a beauty.  
 No. 914 Editor McFarland—Pure, bright pink. Radiance type. Strong grower.  
 No. 916 Etoile de Hollande—Deep, bright red. Does well everywhere.  
 No. 909 Golden Ophelia—Golden yellow; we think it the best yellow cut flower.  
 No. 910 Heinrich Gaede—Magnificent coppery orange. Monthly bloomer. Stunning.  
 No. 928 J. J. L. Mock—Very large two-toned pink; upright grower.  
 No. 917 Julian Potin—Deep, pure yellow. One of the very best yellows.  
 No. 931 Kaiserin Augusta Viktoria—Double creamy white; very dependable.  
 No. 933 Lady Hillingdon—Apricot yellow; a fine Southern variety.  
 No. 934 Los Angeles—Unfading luminous coral-pink; a really beautiful rose.  
 No. 935 Luxembourg—Yellow, toned rose pink. Does well in South.  
 No. 940 Margaret McGredy—Orange scarlet; does not fade.  
 No. 918 Mev. G. A. Van Rossem—Glowing apricot, overlaid yellow; long, strong stem.  
 No. 919 Mme. Nicholas Aussel—Salmon, carmine and yellow. Exhibition variety.  
 No. 947 Mrs. Dudley Cross—Chamois yellow, tinted rose. Fine Southern bloomer.  
 No. 950 Mrs. Pierre S. DuPont—Deep golden yellow, edged carmine; good grower.  
 No. 952 President Herbert Hoover—Cerise pink, scarlet and yellow. Lovely combination.  
 No. 953 Radiance, Pink—Still rated the best all-around pink.  
 No. 954 Radlance, Red—Good clear red; by far the best red for the South.  
 No. 921 Souv. Alexander Bernaix—Brilliant red; large fully double; new.  
 No. 922 Sunkist—A deeper toned Joanna Hill; a lovely light yellow rose.  
 No. 964 Talisman—Old gold, bright red and yellow. Dependable monthly bloomer.  
 No. 965 Willomere—Rich pink, shaded yellow.

## BUSH ROSES—Hardy Varieties

- Plant these where winters are severe; they are hardy.  
 No. 966 American Beauty—Pure deep rose, long strong stem.  
 No. 967 Austrian Copper—Intense coppery red; very hardy.  
 No. 969—Dr. Eckener—Yellow, tinted orange. Hybrid Rugosa; very hardy.  
 No. 970 F. J. Grootendorst—Bright red flowers in abundance; quite hardy.  
 No. 971 Frau Karl Druski—Large snow white, hardy, continuous bloomer.  
 No. 976 Hugonis—Shrub rose, hardy everywhere; small yellow flowers.  
 No. 977 Louis Phillipe—Purple scarlet red; favorite in lower South.

- No. 981 Paul Neyron—Very large, pure pink. Quite hardy.  
 No. 990 Vanguard—Double orange-salmon; unusually hardy, continuous bloomer.

## SINGLE ROSES

The elegance and dainty beauty of these single roses makes them immensely popular. Such varieties as Dainty Bess, Cecil and Innocence have a charm not attained in other roses.

- No. 992 Cecil—A delightful single golden yellow.  
 No. 993 Dainty Bess—A delightful, dainty rose color.  
 No. 994 Innocence—Enormous single pure white.  
 No. 995 Irish Charm—Single, golden apricot, tinted pink.  
 No. 996 Lulu—A lovely single deep orange red.

## POLYANTHA (Baby Doll or Sweetheart Roses)

These dwarf growing baby roses are charming for edging and borders, for low hedges or for planting in groups about your premises.

- No. 1000 Cecile Brunner—Bright pink on yellow ground.  
 No. 1001 Crimson Baby—Bright, steadfast red.  
 No. 1002 George Elger—The best yellow Polyantha.  
 No. 1003 Gloria Mundi—Orange scarlet, dazzling show.  
 No. 1004 Golden Salmon—Salmon pink, shaded orange.  
 No. 1005 Katherine Zeimet—The best white Polyantha.  
 No. 1006 Orleans—Light red, white center.  
 No. 1009 Tip-Top—Tyrian rose and buff yellow; lovely.

## POLYANTHA ROSES (Tall Grown Varieties)

These Polyantha roses grow taller than the ones in the dwarf varieties shown above. They are excellent for mass bedding, for planting in front of your plants and evergreens and for general use, as they bloom very freely and present a glorious sight.

- No. 1011 D. T. Poulsen—Bright blood red, in clusters.  
 No. 1013 Else Poulsen—Bright rose, large bush.  
 No. 1014 Gruss An Aachen—Bright red and yellow, upright  
 No. 1016 Salmon Spray—Light salmon pink, reverse carmine.

## PRICES ON ALL ROSES SHOWN ABOVE

Each 29c, 3 for 83c, 10 for \$2.60, 25 for \$5.85, 100 for \$21.50, 500 for \$97.50, postpaid.

No. 1044 Southern Beauty Rose Collection—12 choice, No. 1 strong plants for \$2.85, postpaid.

## MONTHLY BLOOMING CLIMBING ROSES

Varieties listed under this heading bloom persistently throughout spring, summer and fall, and do exceedingly well in the South.

- No. 1017 Climbing Cecile Brunner—Buds pink and yellow.  
 No. 1018 Climbing Columbia—Sport of Columbia.  
 No. 1021 Climbing Gruss An Teplitz—Dazzling red, hardy.  
 No. 1022 Climbing K.A.V.—Pure white sport K.A.V.  
 No. 1023 Climbing Los Angeles—Sport of Los Angeles.  
 No. 1024 Climbing Mrs. Pierre S. DuPont—Pure yellow.  
 No. 1025 Climbing Pink Radiance—Sport of bush Pink Radiance.  
 No. 1026 Climbing President Hoover—Sport of Hoover.  
 No. 1027 Climbing Red Radiance—Sport of Red Radiance.  
 No. 1030 Climbing Talisman—This is a wonderful climber.  
 No. 1031 Marechal Neil—Nankeen yellow.  
 No. 1032 Mermaid—Buttercup yellow, large single, lovely.

## OUR NEW GUARANTEE

Because of the finest lot of nursery stock that has been grown in years, we are able again to guarantee everything we sell to grow and live; therefore, if you purchase anything from us out of this catalog, we will replace it free of charge if it does not live, if it is not true to name, or is in any way unsatisfactory to you. This is your insurance against cheap, shoddy nursery stock; take advantage of it.

## HARDY CLIMBING ROSES

Varieties listed under this heading are hardy all over United States. They bloom profusely for about three weeks in the spring, and sometimes a few blooms through the summer and fall, but they are not everblooming.

- No. 1033 Climbing American Beauty—Sport of bush American Beauty.  
 No. 1035 Dr. Van Fleet—Cameo pink, on long stems.  
 No. 1036 Dorothy Perkins—Strong, rampant grower.  
 No. 1037 Jacotte—Orange yellow, tinted copper, hardy.  
 No. 1038 Mary Wallace—Bright pink, tinted gold.  
 No. 1039 Pauls Scarlet—Dazzling red, best red climber.  
 No. 1040 Primrose—Yellow with apricot shadings.  
 No. 1041 Silver Moon—Large, pure white, yellow stamens.  
 No. 1042 Spanish Beauty—Delicate pink, long stems.  
 No. 1043 Yellow Banksia—Numerous small yellow flowers in spring.

## PRICES ON ALL ROSES SHOWN ABOVE

Each 29c, 3 for 83c, 10 for \$2.60, 25 for \$5.85, 100 for \$21.50, 500 for \$97.50, postpaid.

No. 1044 Southern Beauty Rose Collection—12 choice, No. 1 strong plants for \$2.85, postpaid.

## PATENTED ROSES

These roses are highly advertised and are sold by us only under the patent rights of the originator. The prices on these roses are set by the patent owner, and the same price prevails all over the United States.

No. 1051 Texas Centennial—(Pat. No. 162). Blood red, fine for cut flower	.60	6.00
No. 1050 Nigrette—The black rose of Saugerhausen. The darkest of all roses. Nearly black. Each \$1.00, 12 for \$10.00.		

(No discount of any kind on Patented Roses, for reasons given above)

## NEW AND RARE ROSES—HISTORICAL ROSES OLD FASHIONED ROSES—ROSE SPECIES and Varieties Difficult to Find Elsewhere

The roses listed under this heading will prove a rare treat for the Rose Fancier and Collector, and will add charm and dignity to any rose garden. Many of these listed were those splendid old varieties grown in your grandmother's garden, which are only listed now by one or two dealers in this country. Because of the scarcity of these varieties, they are higher priced.

- No. 4736 Blanche Moreau—The old white moss; sweetly fragrant. Hardy.
  - No. 4737 Brenda—Peach blossom pink; an old-fashioned favorite; fragrant.
  - No. 4738 Damask Rose—Rose pink; intensely fragrant. Said to have been brought back from Palestine by the Crusaders.
  - No. 4739 Elizabeth Rowe—Old-fashioned moss rose; deep pink. Quite hardy.
  - No. 4740 Golden Moss—Rich golden buff, pink reflex. Heavily mossed.
  - No. 4741 Henri Martin—Shining crimson red; well mossed; hardy.
  - No. 4742 Lal—(New). Soft silvery pink with lemon suffusion. Stunning.
  - No. 4743 Lucy Ashton—Single white, with sharp pink edge; very unusual.
  - No. 4744 McGredy's Yellow—(New). Unfading canary yellow; golden anthers.
  - No. 4745 Mme. Hardy—A Damask rose; white tinted pink; delicious fragrance.
  - No. 4746 Mme. Joseph Perraud—(New). Long slender buds of nasturtium orange.
  - No. 4747—Rosa a la Parfum de la Hay—Double dark crimson; perfume made from this.
  - No. 4748 Sanguinaire—Brilliant ox-blood red; yellow stamens. Hardy everywhere.
  - No. 4749 Yellow Moss—Pure golden yellow; heavily mossed. (New.)
- Prices on above rare varieties: 49c each, 3 for \$1.25, 10 for \$3.65.
- No. 4750—One each of the 14 varieties shown for \$4.50, postpaid.

## EVERGREENS AND OTHER ORNAMENTAL SHRUBS

The list of Ornamental Evergreens we offer is quite complete; varieties for every section in the South, Southwest and Gulf Coast sections. The plants we list are young stock, full of life and vigor. They are shipped balled in damp sphagnum moss. Plant carefully day received. Remove moss before planting. Water well. Stake to keep wind from blowing plants around. You will get a lot of pleasure and satisfaction watching these young plants grow and develop into lovely specimens. The five best plants for general beautification of home, we think, are as follows: Bakers Arborvitae, Pfitzers Juniper, Yellow Jasmine, Abelia, Waxleaf Ligustrum. These should be planted around the house as foundation planting. Arizona Cypress is the best all around evergreen to plant on the lawn as specimen, or for background.

### ABELIAS

We offer this year three distinct types of Abelia, and believe our customers will be as enthusiastic over the two new introductions, as we are.

- No. 4751 Abelia Grandiflora—This is the old, well-known Abelia that is so useful in landscape work, and so generally planted throughout the South. 12 to 18 inch plants, bushy, 45c each, 10 for \$3.75.
- No. 4752 Red Abelia (Abelia Floribunda)—A new introduction, with rosy red flowers 1 to 2 inches long, borne in unbelievable profusion. A charming specimen plant, or companion to Abelia Grandiflora. Price 1 to 1 1/2 ft. plants from 4-inch pots, 95c each.
- No. 4753 Dwarf Abelia (Abelia Sherwoodi)—This is similar in every respect to Abelia Grandiflora, but is very dense grower, much more dwarf. The flowers are pink and white, literally covering the plant. Price 1 ft. plants from 4-inch pots, 75c each.

### ARBORVITAE

These symmetrical, compact hardy evergreens are the most useful, ornamental and dependable plants in the Southern landscape. They will thrive in our climate.

- No. 1371 Bakers Arborvitae—For a tall, pyramidal symmetrical evergreen, this is the best one for the South. Plant at entrances, in background of other lower growing evergreens, as lawn specimens, etc. Price 12 to 18 inch, each 49c.
- No. 1372 Berkman's Golden Arborvitae—A dense, cone shaped medium height evergreen, with green and gold foliage. Used extensively in Southern plantings. Price 12 to 14 in. 49c each.
- No. 1374 Gold Tip Arborvitae—This is like Bakers in size and shape, with

beautiful gold tipped foliage. A valuable plant in general landscape work. Price 10 to 12 inch 49c.

- No. 1375 Globe Arborvitae—This is a dwarf, round dark green dense foliage, evergreen. Used for planting in front of higher evergreens, also in urns, and in cemeteries. Price 8 to 12 inch plants 49c each.
- No. 1376 Ramsey Hybrid Arborvitae—A tall, columnar arborvitae of rare grace and elegance. Dark green evergreen. For accent plant against bare walls, tall buildings, backgrounds, etc. Price 12 to 18 inch plants 49c each.
- No. 1377 Rosedale Arborvitae—Cone shaped, medium height, fine silvery gray foliage; very desirable. Price 8 to 12 inch, 39c each.
- No. 1382 Evergreen Barberry—Best Evergreen Barberry in lower South. Spiny evergreen leaves about 1 inch long; yellow flowers, bluish-black fruit. Price 12 to 15 inch plants, 39c each.
- No. 1383 Red Leaved Barberry—The leaves intense purple-red. Outstanding accent plant. Evergreen in the South. 12 to 18 inch, 39c each.
- No. 1384 Truedwarf Boxwood—Small deep green glossy foliage. May be pruned and kept to any size desired. 6 to 8 inch, twice transplanted, 31c each, 10 for \$1.75, 100 for \$15.00.
- No. 1388 Cape Jasmine—Lovely dark green, glossy foliage, and pure white flowers of delightful fragrance. This variety will stand zero weather. Produces flowers throughout summer. This is the florist's Gardenia. Price, strong 12 to 18 inch plants, 39c each, 10 for \$3.40.
- No. 1389 Cedrus Deodara—(Himalaya Cedar). This is one of the most beautiful and stately of all evergreens. Light green feathery foliage, slightly drooping. Fine specimen, or lawn evergreen. Price 12 to 15 inch plants, 69c.
- No. 1390 Cherry Laurel—A very hardy, rather large growing ever-growing evergreen. Bright green foliage, white flowers in spring followed by black berries. Price 12 to 18 inch plants, 39c each.
- No. 1391 Chinese Blue Fir—A lovely tall growing evergreen with foliage resembling the fir blue sheen. 8 to 12 inch plants, 49c each.
- No. 1392 Cotoneaster Pannosa—Known as Silverleaf Cotoneaster. Leaves light green on top, silvery gray beneath. White blossoms in spring, red berries in fall and winter. Hardy. Price 49c each.
- No. 1393 Cryptomeria—Foliage rather heavy and of a sub-tropical appearance. Rare, exotic evergreen. 12 to 15 inch plants, 49c each.
- No. 1394 Arizona Cypress—Large, fast growing evergreen, with silvery gray foliage. May be pruned to taste. The most hardy, dependable evergreen for the South, Southwest and the West. Price 12 to 18 inch plants, 69c each.
- No. 1395 Italian Cypress—Tall, symmetrical, stately evergreen of picturesque beauty. Plant against tall buildings, at corners, against chimneys, columns, etc. Price 2 to 3 ft., 95c each.
- No. 1396 Eleagnus Pungens—Foliage bronzy-green on top, silver beneath. Yellow flowers in spring, plum shaped fruits; sometimes in abundance, and fine for jelly. Price 12 to 18 inch plants, 49c each.
- No. 1397 Euonymus Japonica—Lovely, dark green glossy leaves. Very dense, and may be sheared to suit. Planted as low hedge, or as specimens. A fine plant for the South. Good 12 to 15 inch plants, 39c each, 10 for \$3.40.
- No. 1398 Euonymus Radicans—(Winter Creeper). A good Euonymus, grows under all conditions. Foliage turns purplish-red in winter, 15 to 18 inch plants, 39c each.
- No. 1400 Lelands Firethorn—A mass of white flowers in spring, followed by orange red berries in profusion. A very lovely shrub for landscape specimen or planting in masses. 12 to 15 inch plants, 39c each.
- No. 1407 Yellow Jasmine—Lovely dark green dense foliage, masses of tiny yellow flowers. Branches gracefully drooping. Stands heat and cold, drought and wet weather. The A-No. 1 outstanding evergreen of the whole South in our opinion. Price 15 to 18 inch plants 39c each.
- No. 1408 Juniper Blue Column—An upright densely growing Juniper with metallic blue sheen. Price 12 to 15 inch plants 79c each.
- No. 1409 Irish Juniper—Similar to above but green foliage, and a little narrower. Size 12 to 15 inch 65c each.
- No. 1410 Pfitzer Juniper—(Spreading Juniper). A medium low, flat growing Juniper, gray-green foliage. This is the Juniper you see planted so generally in all landscape plantings, and in our opinion it is the finest of all Junipers. Price 10 to 12 inch plants 59c each, 10 for \$4.75.
- No. 1411 Savins Juniper—Like Pfitzers above, except bright green foliage. Price 10 to 12 inch plants 49c each.
- No. 1412 Spiny Greek Juniper—Medium growing, cone shaped Juniper, gray-green foliage. A fine evergreen to use where plant not more than 3 feet high is wanted. Price 10 to 12 inch plants, 49c each.
- No. 1413 True Lavender—(English). This is the true Lavender, leaves gray-green, blue flowers. Leaves aromatic and sweetly scented. Makes good accent plant in any planting. Price 12 inch plants, 55c each.
- No. 1414 White Lespedeza—This is a rare shrub from China and is covered with white pea-like blossoms in summer and fall. Strong 2-year plants 39c each.
- No. 1415 Ligustrum Golden California—Upright growing broad-leaf evergreen, with thick dark green leaves with golden markings. Price 12 to 15 inch plants 39c each.
- No. 1416 Ligustrum Japanese—This is the best large growing broad-leaf evergreen. Has thick dark green leaves, large and dense. Best for high hedge, screens, or lawns specimen. Price 2 to 3 ft. plants 49c each.
- No. 1417 Ligustrum Lodense—A low dense growing evergreen suitable for low compact hedge or may be sheared into specimen plants. 9 to 12 inch 29c each, 10 for \$2.50.
- No. 1418 Ligustrum Waxleaf—Thick, heavy dark green leaves, very compact growth, white blossoms, black berries. No landscape planting complete without this. Price 12 to 18 inch plants 49c each.
- No. 1419 Magnolia Fuscata—(Banana Shrub). Attractive yellowish white flowers of banana-like fragrance. 12 to 18 inch plants, 49c each.
- No. 1420 Magnolia Grandiflora—This is the large flowering evergreen Magnolia so well known over the South. Its beauty increases with its age. 12 to 15 inch plants, 49c each. No. 1421—3 to 4 ft. plants good specimens \$1.19 each.
- No. 1424 Mahonia—(Oregon Grape). Dark, lustrous holly-like foliage turns crimson in late fall. Very hardy. Price 10 to 12 inch 79c each.
- No. 1425 Sweet Myrtle—This is Sweet Myrtle, small bright green leaves, delightfully fragrant when crushed. Small fuzzy-white flowers. 10 to 12 plants, 49c each.
- No. 1426 Nandina—An erect shrub, with several cane-like stems; finely cut foliage, turning to red in autumn. White flowers; followed by bright red berries. The best red-berried plant for landscape work, and favorite everywhere. Price 9 to 12 inch plants, 39c each.
- No. 1427 Nandina—Same as above. Large, nice bushy plants 12 to 15 inches 79c each.
- No. 4754 Pineapple Guava (Feijoa Sellowiana)—Strong growing shrub; gray-green foliage; whitish-purple flowers with red stamens. Bears pineapple flavored edible fruit. Price 1 to 1 1/2 ft. plants from 1-gal. cans. 75c each.

- No. 4755 Sweet Olive (*Osmanthus Fragrans*)—Beautiful holly-like leaves and fragrant white flowers in late fall. One of best broad-leaved evergreens. Hardy Washington, D. C., South. Price 12 to 18 inch plants, balled in moss, 75c each.
- No. 4756 Photinia Serulata—Large shrub with rounded form, evergreen, glossy green leaves, turning vivid red in fall and lasting through winter. Small white flowers in great profusion in early spring. Price 1 to 1 1/2 ft. plants from 1-gal. cans, 75c each.
- No. 4757 Canary Island Pine (*Pinus Canariensis*)—One of the most beautiful pines, with slender spreading branches and drooping foliage. A vigorous grower to 60 to 80 ft. Hardy. 1 to 1 1/2 ft. plants from 1-gal. cans, 75c each.
- No. 1432 Austrian Pine—A lovely symmetrical dense pine for the South. Eventually makes a large tree. 12 to 18 inch plants, 49c each.
- No. 1434 Pine Mughas—Very dwarf in habit, producing a unique ball-like form that is much admired. Excellent in foundation planting, or as tub or lawn specimen. Price 8 to 10 inches 49c each.
- No. 1435 Pittosporum Tobira—Heavy, thick shining dark green leaves in whorls; waxy-white flowers. A very desirable evergreen, but not recommended further north than Waco. Price 12 to 15 inch plants 49c each.
- No. 1436 Pittosporum Variegated—This grows like the above, but has leaves with light clear cream and gray mixture. A charming accent plant. 12 to 15 inch 59c.
- No. 1437 Red Cedar—These are compact little plants well-developed, and you can grow them on and prune them as you like. 12 to 15 inch plants 49c each.
- No. 1438 Rosemary—Hardy, gray-green evergreen shrub, with aromatic leaves, sometimes used in seasoning. Price 10 to 12 inch plants 39c each.
- No. 1439 Spruce Colorado Blue—The most beautiful of all coniferous evergreens. Steel-blue foliage, cones in clusters. Very desirable. Price 12 to 15 inch plants 95c each.
- No. 1440 Stewartia—(Summer Camellia). Blooms very similar to the Camellia grown in the South, but much hardier and blooms in the summertime. 8 to 12 inch plants 49c each.
- No. 1441 Tea Plant—An evergreen shrub, usually reaching 10 ft. high. Large, oval bright green leaves; white fragrant flowers 1 1/2 to 2 inches in diameter. The tea of commerce. Price 8 to 12 inch plants 39c each.
- No. 1442 Texas Ash Plant—(*Leucaphyllum Texana*, or *Senisa*). Small oval leaves, ash-gray or silver color. Profusion of lavender colored flowers after each rain. One of the most outstanding shrubs that has been introduced in a number of years. Price 12 to 15 inch plants 89c each.
- No. 1443 Irish Yew—Remarkably upright, columnar in form; very distinct foliage of deepest green, very compact. Price 12 to 15 inch plants 69c each.

### PERENNIAL PLANTS—(HARDY EVERYWHERE)

The reason Perennials are so popular, they take care of themselves, and require little or no care. Plant them in good soil, or poor soil; they stand heat, cold, drought and neglect. Of course they respond to good treatment too, but you can neglect them without fatal results. This year we have priced our Perennial plants so low, no home can afford to be without a generous supply of these fine plants for beautifying the premises, for cut flowers, etc. Get your neighbors to join you and order 100 or more.

- No. 323 Achillea—(Perry's White). Pure white flowers on strong erect stems. Nothing better for cutting.
- No. 324 Alyssum—(Saxatile Compactum Basket of Gold). One of showiest of early spring flowers. Height 9 to 12 inches.

### AQUILEGIA OR COLUMBINE

These may be grown easily in the South, and for attractive cut flowers, they are hard to beat. The long spurred varieties we offer are the finest and best.

- No. 325 Crimson Star—Striking crimson with white corolla.
- No. 326 Glandulosa Major—Dark violet with white corolla.
- No. 327 Jaetschual—Attractive peach-red all over.
- No. 328 Long Spurred Snow Queen—Snow white spurs and corolla.
- No. 329 Mrs. Scott Elliot Hybrids—A fine hybrid mixture. About eight distinct colors.
- No. 331 Artemesia—(Silver King). Silvery-white foliage. Fine for mixing with other cut flowers and splendid accent plant.

### HARDY ASTERS (Michaelmas Daises)

For a good show of flowers in fall till Christmas, the Hardy Asters can not be equalled. Varieties we show have large flowers, some of them two inches across, and are ideal for cutting.

- No. 332 Ballard's Crimson—Crimson, blooms September to December.
- No. 333 Barr's Pink—Strong vigorous grower, bright pink flower.
- No. 337 Aster Star of Wartburg—Lilac blue, striking orange center. A new one.
- No. 338 Japanese Hardy Aster—(Mauve Cushion). Forms circular cushion-like plant. 2 1/2 ft. across, about 9 in. high. Mauve flowers with silvery white touch.
- No. 342 Buddleia Ile de France—Finest of all Butterfly bushes. Rosy-purple with violet suffusion, a good cut flower.
- No. 344 Medium Campanula—Light blue. No. 345—Rose. No. 346—White.

### HARDY CARNATIONS

Great improvement has been made on these hardy outdoor Carnations. The varieties we offer are almost the equal of greenhouse grown Carnations, and no lover of flowers should be without several plants of these to furnish cut flowers.

- No. 347—Grenadin Rose Pink. No. 348—Grenadin Scarlet. No. 349—Grenadin, pure white. No. 350—White Gold, soft yellow. No. 351—Carnation, Crimson King, crimson.

PRICE ON ALL PERENNIALS ON THIS PAGE, UNLESS OTHERWISE NOTED:

19c each—3 for 51c—10 for \$1.60—25 for \$3.35—100 for \$11.50

## CHRYSANTHEMUM

No plant in the South is more easily grown or produces more valuable cut flowers than the Chrysanthemum. We offer three types: the large flowering, which bears very large flowers but not so many to the plant; the medium flowering, which is the one generally used for cutting; and the Button or Ball type. The varieties we offer are the best and newest introductions.

### LARGE FLOWERING TYPE

- No. 362 Autumn Glow—Rosy crimson.
- No. 363 Barbara Cumming—Clear yellow, shading to orange bronze.
- No. 365 Crimson Splendor—Crimson and maroon.
- No. 366 Emma Marie—Pure lemon yellow.
- No. 367 Enchantress—Appealing light rose.
- No. 370 Granny Scovill—Warm coral-bronzy. Very large.
- No. 371 Jean Treadway—Soft, lilac pink.
- No. 372 Princess—Very large white.

### MEDIUM SIZE FLOWERS—About 1 1/2 to 2 In.

- No. 373 Beatrice—Beautiful cerise head. Intensely double.
- No. 374 Boston—Beautiful bronzy orange, profuse bloomer.
- No. 375 Cora Peck Buhl—Intense pure deep yellow.
- No. 376 Elkton—Blush white, tinged lavender.
- No. 377 Idolph—Rose pink, small yellow center.
- No. 379 White Doty—Pure white.

### BUTTON OR BALL TYPE

Little gems and very useful in all flower arrangement.

- No. 380 Snowdrift—Pure snow white.
- No. 381 Skibo—Rich yellow, small bronzy center.
- No. 382 Pink Cushion—Beautiful clear pink.
- No. 383 King's Cushion—Brick red.

### HARDY KOREAN CHRYSANTHEMUMS

A new type. Blooms October, November and December. Extremely hardy, plants grow to an average height of 2 1/2 feet and are a solid mass of bloom.

- No. 384 Apollo—Superb autumn color, combination of bronze, red and gold. Suffused glowing salmon.
- No. 385 Ceres—A lovely combination of old gold, chamois yellow and soft coppery bronze.
- No. 386 Daphne—An exquisite blending of pink.
- No. 387 Mars—Deep amaranth-red changing to wine red.

\* \* \*

For only \$1.59, we will send you postpaid 12 cut flower hardy perennial plants, selected to give you choice cut flowers all season.

CAT. NO. 4899—CUT FLOWER COLLECTION 12 plants for \$1.59.

## FLOWER SEED

Our flower seeds are grown by recognized specialists in California, and they are just as good as you can get, regardless of the glowing descriptions, and high sounding adjectives used by many seed houses. This growing of flower seeds, under ideal conditions, is centered in a small district in California, where they are grown and shipped to every section of the world. Our seed are the best they grow; they are no better than you can get from other first-class seedsmen, but they are identical in every respect. We do not mix old crop seed with new crop, so you may expect to get nearly 100 per cent germination from the seed we send out. Also, you can save about one-half on your seed bill; that is something to remember.

Varieties marked \* do better if planted in fall.

No. 4001 Ageratum—Fine bedding and border plant; with deep amethyst blue compact plants. Pkt. of 1000 seed 7c.

No. 4002 Alyssum (Carpet of Snow)—Pure white flowers completely cover plant. Fine for beds, borders, etc. Pkt. 1000 seed 7c.
